## COMMITTEE TO MEET JACKSON

Named to Escort Republican Nominee for Governor to Rushville For Address Friday Night

PARADE SCHEDULED FOR 7 P. M.

Demonstration to Precede First Big Republican Meeting on Campaign in the County

Preparations were completed today for the first big republican meeting of the campaign in Rush county Friday night, when Ed Jackson, nominee for governor of Indiana, will make an address in Rushville.

A reception committee to escort Mr. Jackson to this city and to act as hosts during his stay here was announced today.

Preceding the address by Mr. Jackson, which will be delivered at the Memorial park coliseum at 7:30 o'clock, there will be a demonstration and a parade to leave the court house square at seven o'clock.

Clen Miller, republican county chairman, today urged all republicans with automobiles to be on the public square by seven o'clock, ready to join in the demonstration and parade.

Members of the reception committee were requested to meet at the west side of the court house at four o'clock Friday afternoon to leave for Maunula in automobiles to meet Mr. Jackson and escort him to this city.

The members of the committee are as follows: Mr. and Mrs. Elmer Humes, Mr. and Mrs. Fred Catt, Mr. and Mrs. Glen Miller, Mr. and Mrs. Hal Green, Mr. and Mrs. Otis Miller, Mr. and Mrs. John H. Kiplinger, Mr. and Mrs. Harry McMillin, Mr. and Mrs. Joe Cowing, Mr. and Mrs. Virgil Maffett, Mr. and Mrs. Rich Reed, Mr. and Mrs. W. A. Alexander and Mr. and Mrs. Frank Catt.

The reception committee will bring Mr. Jackson to this city and dine with him at the Seaman House. The candidate will be accompanied to Rushville by the New Salem band, which will play at Shelbyville during the afternoon, when Mr. Jackson speaks there.

Fred Bell, who is in charge of the arrangements for the meeting, will preside and introduce Mr. Jackson.

Arrangements have been made to heat the coliseum with salamanders so that no one need fear of being exposed to cold weather.

The only other republican meeting to be held in Rushville will take place Monday afternoon, November 3, when Senator James E. Watson will speak at the coliseum.

## CAR LEAVES ROAD, DRIVER IS UNINJURED

Charles Jackman of Andersonville Goes Into Ditch and Auto is a Wreck

TRYING TO PASS ANOTHER CAR

Charles Jackman of Andersonville miraculously escaped death or serious injury this afternoon when his automobile left the road near the J. M. Amos farm, four miles southeast of Rushville, while he was enroute to this city, and plowed up the ditch for about two rods and tore out a section of fence.

Mr. Jackman does not know himself how he got out of the wreckage without a scratch. His automobile, a Ford touring car, was almost a complete wreck.

Mr. Jackman was in a hurry, coming to Rushville to buy some lumber, and attempted to pass an automobile driven by John Linville of near Andersonville, at a high rate of speed.

When his machine got off the road, he lost control and it careened up and down from the road to the ditch and back again, but did not turn over.

## SMALL CHILD DIES

Gladys Marie, the three months old daughter of Mr. and Mrs. William Sutton, died this morning about five o'clock at the family home, 613 West Third street. The funeral arrangements were not completed today. Besides the parents, the child is survived by several brothers and sisters.

## GOES TO JAIL FOR TEN DAYS

Lee Becraft Fails to Pay Fine For Evading Board Bill

Lee Becraft was arraigned before Justice Stech this morning on a charge of defrauding a rooming house keeper by not paying a board bill, and he entered a plea of guilty. He was fined \$1 and costs, and upon default of the payment, he went to jail for ten days. The prosecuting witness was Anna Stevens.

A suit brought by Sanford Heaton against Fred Yazel for borrowed money, was set for trial this morning and the plaintiff failed to appear, and judgment was rendered in favor of the defendant, with costs assessed against the plaintiff. In the case of John B. Morris against Jacob L. Steinmetz, the defendant defaulted, and the plaintiff was awarded \$12.25 and costs, judgment on an account.

## PARK COLISEUM WILL BE HEATED

Arrangements Made For Comfort of People Who Will Hear Concerts By U. S. Marine Band Here

STOVES WILL BE INSTALLED

Celebrated Band, Which is on Fourth Annual Tour Since War, Being Received by Large Crowds

Arrangements have been made to heat the Memorial park coliseum when the United States Marine Band appears here in two concerts next Wednesday, October 29, at 3:30 and 8 p. m.

Large salamanders will be installed in the coliseum to insure the comfort of those who attend both concerts. The fires will be started early in the day and the coliseum will be closed up until time for the concert.

The heavy frosts and below-freezing temperatures of the last two nights have raised the question of heating the building, which resulted in these arrangements being made.

Some people have hesitated about buying tickets for either of the concerts because of the danger of cold weather, but it will be recalled that in the past campaign meetings have been held in the coliseum up until the first of November and that heat has seldom ever been required.

However, to insure the comfort of people attending the concerts and to remove all danger of exposure, the salamanders will be installed and proper precautions will be taken to prevent fire.

The Marine Band, which is now on its fourth annual tour since the world war, has been received by large crowds everywhere, according to word received here. The greatest interest in the coming engagement here has been manifested.

This is due probably to the vast awakening of musical taste in America since our soldiers went across to France. Music is no longer a duty of scholarship, a refinement of art or an incident of social activity. It is a necessity of life, and people are frank in expressing their taste and asserting their criticisms. The U. S. Marine Band under the leadership of W. H. Santlemann, is the greatest musical organization of the people of the United States of America.

Santlemann regards it as his duty not only to observe his men closely and develop their talents to the highest possible degree, but also to be on the alert for new American compositions, and to give them to the public with the advantages of the highest scholarship in their arrangements for Band or Orchestra. Many a composition which has proved noteworthy has had its first substantial encouragement from the U. S. Marine Band.

The soloists on the evening concert will be Arthur S. Witcomb, world famous as a cornetist, and Robert E. Clark, whose mastery of the trombone is such that he can play the chromatic scale for three octaves without a movement of the slide.

The advance program announces that Frank Woblitzhauser, saxophone soloists, and Wilbur D. Kieffer, who plays the xylophone, will be the soloist on the afternoon program.

**POLICEMAN DIES SUDDENLY**

Logansport, Ind., Oct. 23—Charles Webster, 62, a member of the police force here for 27 years, died suddenly from an attack of heart trouble as he went off duty early today.

## THIS CAN'T BE OVER TOO SOON FOR THE MOST OF US

## REPORT REVEALS GREAT ACTIVITY

Local Corps of Salvation Army Held 130 Open Air Meetings in City During Year

MORE THAN 25,000 STOPPED

Called "Consciousness of the Street Corner"—Relief Work Available Part of Activities

Someone has called the Salvation Army open air meetings the "consciousness of the street corner."

They are held in Rushville every week, 130 of them having taken place here during the past year, and it is to support this sort of work and other undertakings that the Salvation Army will make its annual appeal to Rush county people for financial support next week.

It is conservatively estimated that more than 25,000 people have stopped and listened to the exhortations of Salvation Army officers and soldiers on the street corners in Rushville within the year.

But the open air meetings are only a small part of what the Army has been doing in Rushville, according to a report from the local corps.

There have been 228 indoor meetings held, with an attendance of 9,426. One hundred and sixty-two junior meetings have been held with an attendance of 3,752. Nine hundred and sixteen hours have been spent in visitation by the officers and 3,268 visits have been made.

The following relief work has been done: 1172 garments have been given out to needy people, 161 meals have been provided, 1500 pounds of coal have been provided for families, fifteen have been given lodging and one medical assistance, 29 pairs of shoes provided, two given transportation. 176 families helped, 542 persons benefited, 65 families, composed of 335 persons, given Christmas baskets.

But the Army stresses most its religious work, and the outdoor meetings fit in with this program. The following story is related by Miss Agnes DeBolt of state headquarters, who is arranging for the campaign here, to show how the street corner meetings awaken the consciousness of people:

Have you ever stood and listened to a Salvation Army open air meeting? Perhaps you have not; you have only passed by, but others have stopped. Someone has called these meetings "The consciousness of the street corner," and it is of the latent (Continued on Page Three)

## KIWANIANS LISTEN TO DRAMATIC WAR STORY

Frank H. Ray, Trooper of 26 Years Experience, Tells Tale of "Two Pals" He Knew

Frank H. Ray of Mt. Vernon, Illinois, a trooper of 26 years experience who served with the Canadian Army during the World War and was wounded and sent home before the war ended, gave the Kiwanis club thirty minutes insight into the gruesome moments at the regular noon luncheon of the club today at the Social club.

Mr. Ray, who is 57 years old, might well pass as a man of 40 though he has grandchildren. He does not show the effects of the strenuous experiences he has had in many lands under many flags.

He calls the dramatic story he tells, "Two Pals". It deals with the lives of two men whom he knew in the army. Kiwanians sat under the spell of his war tale for a half hour.

Miss Agnes DeBolt of Indianapolis, from the state headquarters of the Salvation Army, spoke for a few minutes in the interest of the Salvation Army campaign here next week.

Guests at the meeting included Mr. and Mrs. L. R. Willingham of West-point, Ky., and their little niece, Estella Mitchell of Sebring, Florida, and Lawrence Nichol of Cincinnati.

## WINTER WEATHER PREVAILS TODAY

Mercury Drops to Twenty Degrees This Morning, Registering Lowest Mark of Fall

Winter weather prevailed in the early morning hours today, when the mercury hit the low mark of 20 degrees above zero, according to Elwood Kirkwood of Maun, in charge of the government station.

The drop to 20 degrees is the coldest this fall, and the 12 degrees below freezing brought a thick layer of ice and registered a killing freeze and frost, but no damage is believed to have resulted because of the advanced stage of the late crops.

The decline during the night was predicted by the weather bureau. Monday night the low mark of 28 was established and Tuesday night it was 25 degrees, and then last night it reached 20 degrees. Another frost is predicted tonight, but it is not expected that the mercury will go as low, and rising temperature is the prediction for Friday.

## Local Women to Learn Millinery at Night School

Those Interested Are Given Opportunity of Enrolling in Class to be Taught by Miss Ruth Grishaw, Rushville High School Instructor. Preliminary Plans and Enrollment To Be Friday Night at Graham High School.

A class in millinery for the ladies of the community will be organized by the home economics department of the Rushville high school. Any person who is interested in this course is welcome to enroll. As many groups as are necessary to accommodate all who come will be arranged for. The present plan is to have at least two classes.

A meeting for enrollment and organization will be held in the assembly room of the Graham High School on Friday evening at 7:30. All who are interested are requested to be present at that time. The general plan of the course will be outlined, and the necessary details of the organization explained.

Women who are not certain whether they will enroll are asked to attend the preliminary meeting and find out just what the course is like. The tentative plan for the course includes fall millinery, flower making and individual problems. However, an effort will be made to adapt the content of the course to suit the wishes of the majority of the groups enrolling. After the fundamentals of the course have been covered, each person will be permitted to choose his own problem.

The courses will be given under the direction of Miss Ruth Grishaw, vocational home economics teacher. Miss Grishaw has had successful experience both in practical and theoretical millinery work. Her practical experience was gained in the millinery shop of L. S. Ayres & Co., of Indianapolis and in the shops at Bloomington. Her theoretical training consists of three years of experience as assistant in the millinery department at Indiana University, and three years experience as instructor in night classes for adults, two at Bloomington and one at Tipton, Indiana. She is well fitted for the work and will make the course both interesting and profitable. The classes will meet in the sewing room of the Graham high school. The night of the week on which the classes will meet and the hour of meeting will be arranged to suit the majority of the ladies enrolled.

A nominal fee to cover the expenses of the course and the cost of material (Continued on Page Three)

## POLICE FEAR TONG OUTBREAK

Indianapolis Takes Steps to Prevent Chinese Trouble

Indianapolis, Oct. 23—Local police today took precautionary measures to prevent an outbreak of a long war among local Chinese.

Members of the On Leong and the Hip Sing, the two tongs which have been shedding blood in New York and Chicago, are known to be living here.

Further uneasiness caused by the disappearance of Yick Lee, a leader in the Chinese colony who went away on a mysterious mission shortly after the outbreak of hostilities between the tongs in New York.

## CHARGES GROW AS END APPROACHES

Republicans Faced With Allegation of Assistant Attorney General Regarding Lax Law Enforcement

LAFOLLETTE A RED, HE SAYS

Martin K. Littleton Says Wisconsin Senator is "Hand and Foot" With Russian Soviets

(By United Press)

Charges and counter charges from the three political parties grew in volume today as the campaign neared its close. Republican leaders were faced with the letter written by Mrs. Mabel Willebrandt, assistant attorney general in charge of prohibition enforcement in which she accused President Coolidge of keeping unfit men in office and senators of using their influence to prevent enforcement of the prohibition laws. Mrs. Willebrandt, however said she meant no criticism of the administration.

Martin K. Littleton charged the LaFollette forces with being "hand and foot" with the Russian Reds and that John Schwartzkopf, said to be second in command at the LaFollette-Wheeler headquarters, was an associate of Ludwig C. K. Martins, expelled soviet envoy to this country.

John W. Davis speaks in Cleveland today. At Evansville last night the Democratic nominee said "our Republican friends say the great menace of this country is the so-called 'radical' party. If they are really so terrified, the way to cure that condition is not to repeat the things that have brought it about. Three and a half years of Harding-Coolidge administration have produced this radical party."

Senator LaFollette was enroute to Grand Rapids on his return east. At Peoria last night, he said:

"The expenses of the government will only be reduced when the people seriously attack the whole policy of military and naval expenditures."

President Coolidge put the last touches to the speech he will deliver tonight before the United States chamber of commerce. It will be his last campaign speech before election.

**Sen. Walsh Makes Charge**

Washington, Oct. 23—Senator Thomas J. Walsh of Montana, prosecutor in the oil investigation, today charged that \$100,000 was being sent into his state to defeat him for reelection.

The Montana senator charge was made in a telegram to Frank P. Walsh, attorney for Senator LaFollette and laid before the senate "slush fund" investigating committee by Senator Untermyer.

**Jackson in Calumet**

Gary, Ind., Oct. 23—Prospects are bright for a Republican landslide in the Calumet district, G. O. P. leaders declared today following the mass meeting here last night at which Ed Jackson, candidate for governor, was the principal speaker.

The Republican leaders predicted Jackson will carry Lake county by 7,500 votes.

Colored Republican voters pledged their loyalty to Jackson at the mass meeting.

Jackson devoted practically his entire speech to discussion of the question of taxation.

## BALLOTS READY TO BE SHIPPED

Rush County's Share Will be 16,889, of Which 500 Have Been Received Here

WERE SIGNED FOR TODAY

Mrs. Martin, Deputy Clerk, Called at State House to Inspect Them Before Shipping

Rush county will receive 16,889 state and national ballots as its share for the November 4 election, and Mrs. Loren Martin, deputy county clerk, went to Indianapolis today to sign for and inspect the consignment for this county.

The ballots will be shipped as soon as she signs for the release of them in the state house. The division is made on a basis of 25 percent in excess of the number of registered voters, and an additional supply of 2,000.

The absent voters ballots were received by a special shipment last week, and 500 were sent here in advance of the regular shipment.

One million nine hundred and sixty-five thousand ballots, 300,000 more than asked for in any previous election, have been asked of the board of election commissioners by the clerks of the ninety-two counties according to George H. Healey, clerk of the board.

The duty of the clerk in calling for the ballots is to inspect the packing of each of the boxes. The number asked for each precinct is wrapped in a package. These packages are left for the clerk's inspection, then packed in the box and shipped to his office. Each package is sealed in the Statehouse, where the counting, wrapping and packing is being done, by a force of men and women under the direction of H. L. Troutman, assistant clerk.

A section of the north lobby has been roped off and guards patrol the borders in compliance with the election law. No one is permitted inside the inclosure.

Each of the 3,419 precincts of the state has ordered 25 percent more than the registered number of voters. The law requires that each precinct be provided with this number of ballots. Those with three sample ballots and two copies of the election law, are enclosed in each package, which is then tied and sealed.

The ballots are fifteen and one-half by twenty-three inches. They weigh approximately 100 pounds a 1,000 ballots, making a total weight of 98,250 pounds, or nearly fifty tons.

After the size of the ballot was determined, the boxes were ordered made in sizes to accommodate two tiers of ballots from the bottom to the top.

## JURY IS CALLED FOR SERVICE ON FRIDAY

Trial of John F. Joyce Against C. M. George for Judgment will be Held in Circuit Court

THREE NEW SUITS FILED

The jury has been called for service in the circuit court Friday, when the case of John F. Joyce against C. M. George will be tried, the action being on an account in which the plaintiff is attempting to recover judgment for services rendered. The case was tried once in Justice Stech's court and appealed to the higher court.

Among the new cases filed in court, is a complaint by Walter E. Smith against Jennie Jones and Chalon Jones, the action being to foreclose a mortgage.

Russell Wright has brought suit against Jesse A. Stevens, the complaint being on a note and with the demand for \$125 judgment.

Charles E. Wiley and others are plaintiffs in a suit against William E. Wiley, administrator of the state of Olive A. Wiley, in which the action is for partition and sale of real estate involved in the estate.

**FROST DAMAGES CORN**

Warsaw, Ind., Oct. 23—The mercury early today stood at 28, the coldest of the season. Much corn was damaged last night by the killing frost.

## At Exactly Open Car Cost

You pay exactly open car cost for the all-year comforts of the Coach. Hudson alone can build it. As the largest builder of 6-cylinder closed cars in the world, Hudson exclusively holds the advantages to produce this car and this price.

It creates the one important buying issue today. For no one who knows closed car comforts will be satisfied with an open car, with one-season utility, and diminishing resale value.

That is why the Coach outsells all rivals. Its leadership is not even challenged. Everyone knows it provides highest closed car value. Hudson invented the Coach and its development and experience make its value exclusive.

And even more important in your permanent enjoyment of the Coach, is the famous Super-Six chassis with performance distinction and long lasting reliability not excelled by any car regardless of cost.

### RICHMOND FIREMAN KILLED FIGHTING FIRE

Richmond, Ind., Oct. 23—William Kinney, a fireman, was killed and James Marshall another fireman, was seriously injured early today while fighting a fire which destroyed Lindsey Hall, the administration building at Earlham college.

The two men were buried by debris when the west wall of the building caved in. Marshall was taken to the hospital in a serious condition.

The blaze started shortly before midnight on the third floor of the building. A valuable collection of relics and records of the college were destroyed.

President Edwards estimated the loss at \$100,000 to \$125,000.

Lindsey Hall was one of the oldest buildings on the Earlham campus.

President Edwards said this morning he feared incendiarism caused the fire. The college carried \$80,000 insurance on the building.

### REPORT REVEALS GREAT ACTIVITY

Continued from Page One  
in the country, under whose management the Marine Band makes its annual tours, had this to say:

Arthur Witcomb is truly an artist. In putting him forward as a soloist in such distinguished company, for remember there are many great musicians in the Marine Band, Leader Santelmann told me that he was first influenced by the remarkable temperament disclosed by Witcomb at the outset of his membership in the band, and later by the extraordinary proficiency he attained in breadth and beauty of tone as well as accurate and easy execution. I have been associated with notable singers and musicians for many years, yet no individual performance has ever given me greater pleasure than this man's rendition of "Believe Me of All These Endearing Young Charms."

While only a tentative program of the Marine Band has been drafted, it is certain that Witcomb will play one of his noted successes, "Willow Echoes," by Simons, when here.

### CHARGES GROW AS END APPROACHES

Continued from Page One  
Beveridge declared last night in a campaign speech here.

"Coolidge does not pretend to be a superman," Beveridge said. "He conscientiously fulfills his task of upholding the constitution and sticks to the political faith of the fathers."

Beveridge criticized John W. Davis for his attitude on international questions, declaring that Davis is for the league of nations.

### FORMER RESIDENT DIES

John Gray of this city has received word, of the death of his cousin, C. C. Gray, who died Wednesday at his home in Anderson. He was born in Union township, this county, in the early part of 1850, and was past 70 years of age. He was more commonly known here as "Bird" Gray. He was here in May when he attended the funeral of his uncle, James Gray. Services and burial will probably be made at Anderson.

### FALLS UNDER FREIGHT

Terre Haute, Ind., Oct. 23—Injuries received when he attempted to steal a ride on a freight train caused the death yesterday of James Mullen, 20, of Indianapolis. The youth fell between two box cars.

### Crippled by Corns? Use "Gets-It"

World's Greatest Corn Remover

It's just wonderful how "Gets-It" ends corns and callouses. Put a few drops of "Gets-It" on a hurting corn and presto! The pain stops at once forever. No matter how long you've had corns, how bad they may be, whether hard or soft, or what you have tried, believe this—"Gets-It" will end corn pain at once, soon you can lift the corn right off with the fingers. Money back guarantee. Costs but a trifle—sold everywhere. E. Lawrence & Co., Chicago.

## Tariff Witchcraft

The tirades which are lodged  
against the United States tariff  
schedules and the statements made  
regarding the same, either through  
ignorance or with the willful intent  
of deceiving the public, seem never  
to be challenged.

The American tariff, which is less  
than one-half the per capita tariff  
of "free trade" Great Britain, can-  
not, without gross exaggeration, be  
called exorbitant. The truth is ex-  
actly the opposite of what is charged  
in statements which say that the  
tariff raises the price of everything  
the farmer buys and gives him no  
protection on what he sells. Anyone  
who will take the trouble to look at  
the tariff schedule will see that prac-  
tically everything the farmer buys,  
including breeding animals, barbed  
wire, binding twine, fertilizers, cul-  
tivators, harvesters, rakes, leather,  
leather gloves and harness, reapers  
and all manner of supplies, and sells  
such as apples, almonds, butter,  
beans, corn, eggs, grapes, horses, le-  
mons, oranges, prunes, raisins, sug-  
ar, sheep, walnuts and scores of  
farm products and animals are on  
the protected list.

The mere fact that any candidate  
for public office, regardless of the  
party with which he is affiliated,  
should make absolutely misleading  
statements on the tariff question is  
grounds for questioning his ability  
as an executive in public office. The  
tariff as it exists today is a matter  
of fact and public record and there  
is no excuse for any man making a  
misstatement regarding same. The  
tariff is purely a business proposi-  
tion and should not be used as a ve-  
hicle for securing votes for the Re-  
publican, Democratic or any other  
party. Just so long as religious pen-  
dants were able to keep the people in  
ignorance regarding the falsity of  
the so-called power of witchcraft,  
just so long were they able to pre-  
vent intellectual and spiritual pro-  
gress. Just so long as politicians can  
keep the people in ignorance regard-  
ing the tariff question, just so long  
will they be able to upset business  
stability by using the tariff question  
as a vehicle for gaining their own  
selfish ends, namely votes.

The people are coming to under-  
stand that the tariff is for two pri-  
mary purposes, namely, to protect  
American labor and uphold American  
standards of living, and, secondly,  
to raise revenue for the government  
which, if not collected from foreign  
products shipped in here in competi-  
tion with home manufactured ar-  
ticles, would have to be raised by ad-  
ditional taxes on American property  
and incomes.

Let the people think of these fun-  
damental facts when considering the  
tariff question.

## Education Week

The American Legion and Nation-  
al Education association is calling  
again upon the people of the country  
to turn their thoughts to education  
for one week—November 17-23.

American Education week has be-  
come a fixed event in the lives of the  
American people. If it is accom-  
plishing its mission in impressing  
upon people the importance of edu-  
cation in the life of the nation, it is  
not time wasted.

Someone has said that education  
is to fit one to live. If this definition  
be the true conception of the purpose  
of education, certainly nothing has a  
greater bearing on the future of this  
community and every other place in  
America where people live.

Those in charge of our educational  
program have a great responsibility.  
If Education Week in any way serves  
to bring those not in touch with the  
public schools and their work,  
around to a sympathetic attitude of  
helpfulness, it will not have been in  
vain.

Education Week should be made  
the means of setting forth the school  
viewpoint and bringing about a more  
hearty response from the school pa-  
trons to the school program.

The Hodge - Podge  
By a Paragrapher with a Soul

The man who can make a mountain  
out of a molehill and then sell it as  
sand is a genius.

Experience is a hard teacher, but  
profiting by her lessons pays big di-  
vidends.

There is such a thing as being so  
cautious that you will never get any-  
where.

When one egotist describes another,  
you get a touch of real art in the  
matter of hammy swinging.

The hardest boiled egg is yellow  
on the inside. Remember, this simple  
truth the next time some bluffer goes  
into action.

Something will have to be done  
about our timber supply or there  
won't be enough for the next genera-  
tion to build billboards.

## HUNT'S DAILY LETTER

BY HARRY B. HUNT  
NEA Service Writer

WASHINGTON—When his fel-  
low townsmen of Birming-  
ham, Alabama, burned Sena-  
tor Oscar Underwood in effigy the  
other night, and then buried his  
political body with elaborate cere-  
monies, they were simply venting a  
feeling of hostility and anger that  
has become general throughout the  
Democratic party.

For if the Democratic party is to  
lose the election this year—and the  
leaders privately admit that now  
seems inevitable—Underwood will  
be regarded as the man who first  
greased the skids under Democratic  
hopes.

It was Underwood, as candidate  
for the Democratic nomination,  
who first raised the issue of the  
Ku Klux Klan.

It was Underwood's spokesman  
who placed his name in nomi-  
nation, who first mentioned the Klan  
in the New York convention, there-  
by staging a near-riot.

And it was the issue of the Klan,  
thus dragged in, which not only  
deadlocked the convention for more  
than 100 ballots, arrayed delegates  
into hostile camps and thwarted  
the nomination of most-favored  
candidates, but which is now held  
responsible for the defections  
which beset the party's prospect  
for victory.

NOT in a decade had Democratic  
expectation of victory been so  
confident as it was this year,  
prior to the New York convention.

Every factor necessary for a  
winning campaign seemed to be at  
hand. The administration in power  
had been involved in one of the  
biggest scandals in national his-  
tory. All the ammunition thought  
to be needed to blow the opposition  
sky-high, and more, was stored  
away. It wasn't going to be a cam-  
paign—it was to be a walkway.

That was the situation even  
after the Republican convention at  
Cleveland. Coolidge's nomination

was not merely expected, it was  
wanted by the Democrats.

THEN Underwood and his Ala-  
bama delegates threw the Klan  
issue into the New York arena.

Party harmony went by the  
board. Party unity was torn to  
shreds. It was no longer a con-  
vention of Democrats, met to pick  
a Democrat for president. It was  
a convocation of Klan and anti-  
Klan adherents.

When the fever had run its  
course and the assemblage finally  
got down to the selection of a can-  
didate, all the enthusiasm and vigor  
that should have been saved for  
the campaign had been dissipated.  
Neither side had won a victory.  
Neither side was satisfied. And  
neither side cared two whoops  
whether the candidate they had  
finally nominated won or not.

To this situation, directly, can  
be attributed the rough and  
rocky road of the Davis man-  
agers in making progress with his  
campaign. From an open road and  
a cloudless sky the situation  
changed almost overnight to an  
almost impassable path overhung  
with clouds and threats of storm.

While resentment against Under-  
wood, as the man who dragged in  
the Klan issue and directly pre-  
cipitated the following fight, is  
perhaps keenest, scarcely less keen  
is the feeling against others of the  
"favorite son" group of candidates  
who, in the hope of a lucky break  
in their favor, refused to release  
their delegates and thus contrib-  
uted to the long-drawn deadlock and  
its growing animosities.

Just what would have happened  
at any particular time, had any  
one or two of these candidates  
withdrawn his name and started  
the dissolution of the deadlock, is a  
favorite subject for speculation  
around Democratic headquarters.

Everything might have been so  
different! But it didn't happen—and from  
rosesate confidence the party lead-  
ers have now descended to the  
stage of hope without expectation.

Truth is stranger than fiction,  
and among our present books, a  
stranger to fiction.

The soil of Siberia is sometimes  
frozen to a depth of 63 feet, so it is  
very difficult to dig fishing worms.

The Dead Sea is fishless, compar-  
ing in this way favorably with all  
streams, lakes and seas.

The lengths of a mile vary in dif-  
ferent countries, and with different  
people you ask.

The visiting card is of Chinese  
origin and so, evidently, is the habit  
of signing letters.

While yellow is the favorite color  
of Chinese officials they are busy  
now seeing red.

A man in Washington has devel-  
oped a stingsless bee which should  
be shipped in large quantities for  
picnics.

Germany plans to lead the world  
in aircraft building. She once mis-  
led in aircraft building.

In Victoria, B. C., already 1,350,000  
cases of salmon have been packed  
boards being powerless.

They held a parade of girls with  
long hair in Hull, England, which  
was very nice and quaint and old  
fashioned.  
(Copyright 1934 NEA Service, Inc.)

FIFTEEN YEARS  
AGO TODAY

From Daily Republican

Saturday, October 23, 1909  
Horrie Brooks, formerly of Rush-  
ville, Ind., has lately moved to Al-  
liance, Neb., where he has leased the  
new half mile track and opened a  
public training stable, says the  
Western Horseman.

It looked suspicious. There was  
the trunk which had been in the traction  
station for two days. To whom it  
belonged nobody knew. And there  
was the longer the trunk remained the  
stronger the odor got. Then some-  
body who had read about Elsie  
Siegel's body being concealed in a  
trunk had a theory. Upon investiga-  
tion it was found that a passenger  
had left some scrap meat in the room  
from which the odor was coming.

Rev. R. W. Abberley, pastor of the  
Main Street Christian church, will  
leave Monday for Clarksburg, West  
Virginia, where he will conduct a  
series of protracted meetings.

Birney Spradling went to Indiana-  
polis this afternoon to see the Earl-  
ham-Butler football game. He will  
spend Sunday with friends in Plain-  
field.

Miss Effie Coleman of Oxford,  
Ohio, who is instructor in English in  
Miami University, will spend Sunday  
here with her mother, Mrs. Emily  
Coleman and family in West Fifth  
street.

Inez Reynolds and Edith Hall vis-  
ited Misses Ethel and Rena Watson  
at their home, north of this city yester-  
day.

Mr. and Mrs. B. F. Miller are in  
Cincinnati, Ohio, to attend the wed-  
ding of Miss Ethel Rogers, who is  
well known here, and Lot Turner of  
Terre Haute, which will take place  
tonight.

Miss Ethel Young is the guest of  
Mrs. Margaret Morton in Carthage.  
It's no joke this time because it  
was real white flaky snow and it fell  
this morning about ten o'clock. The  
residents of Union township reported  
a light snow a few days ago and  
some there were who actually doubted  
it. But this morning anyone who was  
out and felt the white, soft substance  
on their face could name it nothing  
other than snow.

Work on the new addition to  
Francis Brothers factory is pro-  
gressing rapidly. Morris Winship and  
son have the contract and Mr. Win-  
ship has been superintending the  
work in person for a few days in  
order to hasten the completion of the  
addition which is badly needed by  
the factory.

Morristown high school is start-  
ing in bad this year at basketball.  
The team went to the bad in an excit-  
ing game at Manila Friday after-  
noon.

## MIDWEST TEAMS CINCHING HONORS

By HENRY L. FARRELL  
Chicago, Oct. 23—With half the season gone and with most of the big inter-sectional games out of the way, the middle-west practically has cinched the season's inter-sectional championship.

Marquette has defeated the Navy, Notre Dame has defeated the Army, Chicago has beaten Brown, Nebraska has beaten Colgate.

Notre Dame has three more inter-sectional games against Princeton, Georgia Tech and Carnegie and it is quiet possible that three more victories will be chalked up for the middle-west.

The western conference teams have made the best showing of any organized group in the country. In twenty games this season between conference teams and non-members they have won seventeen, lost two and tied one.

Missouri, one of the big guns of

the Missouri Valley conference, beat Chicago 3 to 0. Louisiana came up from the south and beat Indiana and little Coe College held Wisconsin to a tie.

Notre Dame has two more games with conference members, Wisconsin and Northwestern and the chances aren't very bright for the conference teams. The Wisconsin-Notre Dame game will be one of the biggest games of the year as the conference is lined up to a man behind Wisconsin to uphold the prestige of the "big ten."

Notre Dame is going into the Princeton game Saturday with a team that Knute Rockne is worried over. The writer saw Notre Dame work out at South Bend and Rockne admitted that he wasn't so sure. Rockne is no Dobie in spreading gloom but he is worried about Center.

Adam Walsh who was cinching an all-American berth, is out of the game for three weeks with two broken hands and Rockne admits gloomily that he has no one to take his star center's place. He is trying Maxwell and Harmon and from the way Rockne got after them yesterday it was obvious that he figured they

## ARLINGTON MEETS BRIGHTWOOD NEXT

Arlington's Athletic Club football team will be in for another hard tussle Sunday when they meet the Brightwood athletic club of Indianapolis at Arlington. Brightwood will bring a squad of 22 men in an effort to put over a win, including several former college players among them being, Cruis of Ohio state; Jeffries former Steel High school player of Dayton Ohio; Bowman, state Normal of Muncie, Stites former Nebraska university player and many other local players of reputation. This is expected to be one of the hardest fought games of the season as the Arlington team is going better than ever before and with Means, Beasley, Sparks, Treiss, Rohm, Wicker, Miller, Wilcoxon brothers, Woodruff, Wilson, Winslow, Northam and Letherland it makes a team that compares with the best independent teams in the state. Geo. Wilcoxon will referee and Parker umpire.

were't there. The backfield was badly battered up by the Army last Saturday and they are not in shape yet to do hard work.

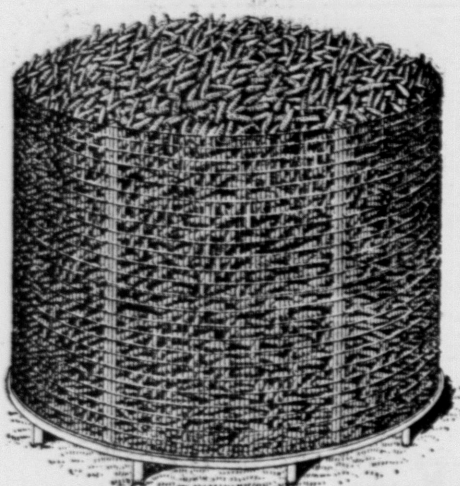

The Notre Dame squad leaves tonight for Princeton and the University of Chicago squad also will shove off for Columbus where the team will play the big game of the conference week against Ohio State on Saturday.

Coach Stagg gave the squad a final workout today and said that his men were all in good shape. Stagg apparently believes that he will be able to stop the overhead game of Ohio State and he hopes to spring the same kind of a surprise attack on Ohio.

Stagg has been devoting a lot of attention to the kicking end of the game and every one of the squad has been asked to take part in the punting and drop-kicking drills. Games can be won by drop kicks and place kicks as well as by touchdowns as Chicago learned when Missouri beat them with a field goal. Although Chicago has lost one game, the feeling exists here that the team will beat Ohio. The Columbus eleven hasn't been much of a scoring organization this season, it is figured and although their goal line hasn't been crossed they were unable to score against Iowa.

Chicago is chiefly interested in the Illinois game and the coaches have had some difficulty in getting the squad to keep its attention on Saturday's game. The danger of over-confidence has the coaches worried. Relleston, Currely and Kernwin, who have been on the disabled list, are now in good shape and they will be able to play Saturday.

## "Pittsburgh Perfect" Corn Cribbing

Capacity approximately 400 bu. Ear Corn

You can have all the crib room you need, and just when you need it with "Pittsburgh Perfect" Corn Cribbing. The cost is very small and the desired cribs can be set up without delay.

When the cribs are empty the fabric may be rolled up and stored out of the way until needed again, or it may be used as fencing for enclosing lawns, poultry runs, gardens, orchards, etc.

"Pittsburgh Perfect" Corn Cribbing is made of all No. 12 1/2 gauge wires, which insures uniform strength and durability. The fabric is electrically welded, making it neat, easily handled, and with a smooth inner surface upon which the corn cannot catch and bear down.

These cribs are specially priced at \$10.00 a crib

## FANNING WITH FARRELL

### Game Hearts Won For Senators

Chicago, Oct. 23—Some time back in this column some opinions were expressed as to the reasons why the Washington Senators won the American League pennant. Excerpts were quoted from the famous battle statement that "Bucky" Harris, the twenty-eight-year-old manager, issued when the team was fighting for its life in Cleveland.

"Bucky" said in that statement that his team could not be beaten in the race for the American League pennant because no other club had as much spirit or any more fight.

Washington had to play good baseball throughout the season to win its first American League pennant. The Senators had good baseball hands and good legs, but it was a stout fighting heart that carried the team through to a victory over the Yanks and to a world's championship over the New York Giants.

The Senators beat the Giants in one of the greatest world's series ever played, because the team refused to quit. No intimidation is intended that the Giants quit, but it is a fact that the Giants didn't fight as consistently and as desperately as the American League champions.

Year after year the Giants have been one of the greatest fighting clubs in baseball. Giant players can't be quitters or "gunny hearts" and remain on John McGraw's club. The Giants have won pennant after pennant with an inferior team, because they wouldn't give up. For three years running they have outgamed the Pittsburgh Pirates, a much stronger team, until the crisis came. Pittsburgh curled up three times in a pinch, but the Giants always hit the hardest when the need was most

vital and they became champions.

When a team outgits the New York Giants it is a team that has more fight and more spirit than any team that has been developed in years. The New York Yankees didn't outfight the Giants in the series last year, they outplayed them and out-pitched them.

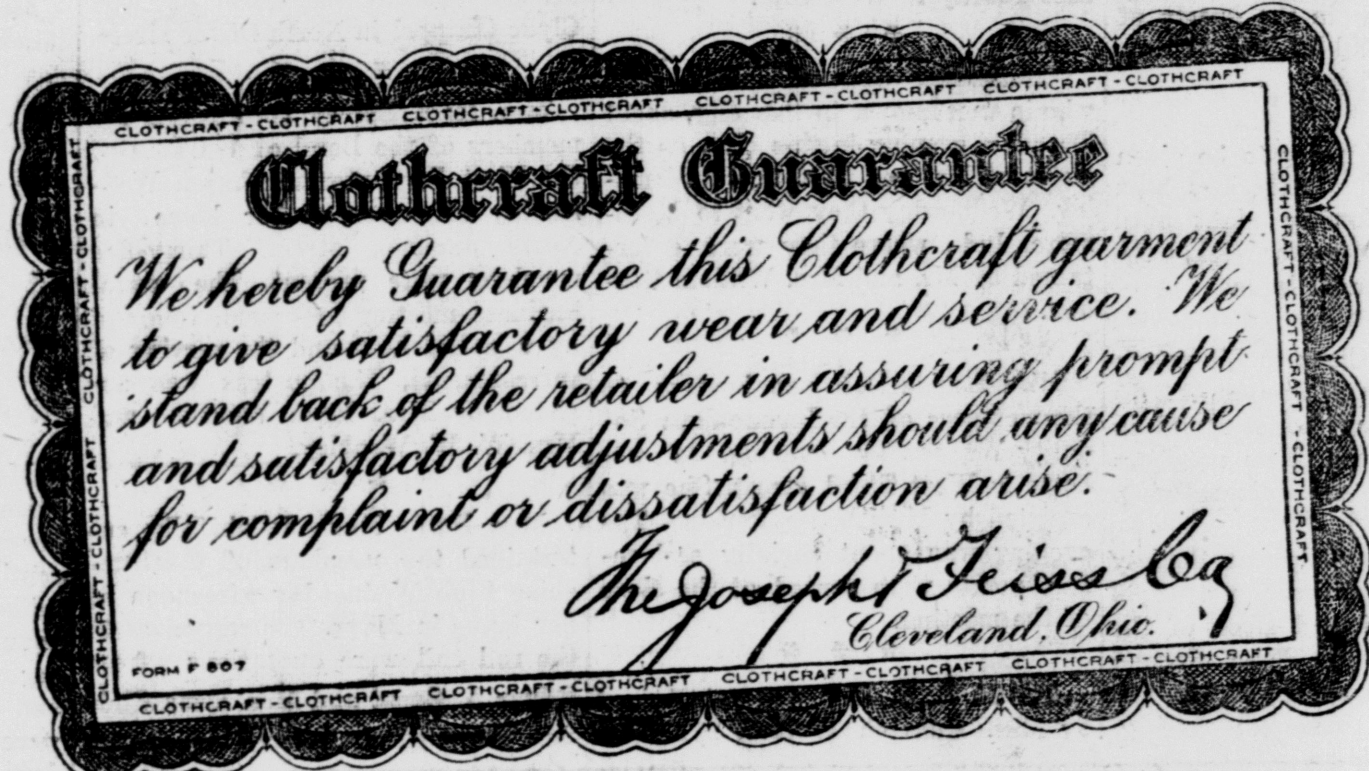

Washington, in the world's series this year, had the spirit and fight of a college football team. The Senators refused to be beaten and they weren't beaten. They had the spirit that the Giants lacked. The Giants had the heart but they became wearied in the battle and something dropped into their attitude that suggested a feeling—"What's the use? If we swing, we get hit right back on the chin."

The Giants experienced a lot of things that took the spirit out of them. Giant teams, as a rule, are rather deaf to the stands. For years they have been targets of hostile fans on the road and they never have been supported at home with the enthusiasm of a Washington, a St. Louis or a Cincinnati. But the Giants, hard-hearted as they may have become, hardly could have expected to be razed and brown down by New York as they were in the third, fourth and fifth games of the series. The Giants must have been glad to get back to Washington to finish the fight.

The scandal that resulted in the ousting of Cozy Dolan and Jimmy O'Connell cast suspicion on the whole club. Frank Frisch, George Kelly and Ross Young had been implicated by O'Connell and although they were whitewashed by Commissioner Landis, the suspicion still existed—"Were others in on it, if Young, Kelly and Frisch were not?"

## You Can Drive It All Day Without Fatigue

What the group of Maxwell-Chrysler engineers responsible for the good Maxwell of today have accomplished is just this—

They have raised four-cylinder motoring to a plane of fineness and comfort heretofore assumed to be impossible in a car of this type.

They have accomplished it not alone through the insistence on fine manufacturing and the use of first grade materials. They have also employed engineering innovations that practically eliminate vibration and otherwise perfect performance and riding quality.

You will especially appreciate these higher qualities when you make a country run of considerable distance.

Where you used to return from such a trip thoroughly weary, now with the good Maxwell you can drive all day without fatigue.

And as for dependable, care-free, economical service, the good Maxwell still leads all cars at anywhere near its price.

We are pleased to extend the convenience of time-payments. Ask about Maxwell's attractive plan.

REPUBLICAN NOMINEE FOR GOVERNOR  
WILL SPEAK AT 7:30 P. M. AT THE  
MEMORIAL PARK COLISEUM, RUSHVILLE

## Friday, Oct. 24

Demonstration and Parade, with Band, Leaves Court House At 7:00 P. M.

### Society

Mr. and Mrs. James Wright and children, Mrs. Flora Jackson and Mrs. Roy Beeler were the guests of Mr. and Mrs. Norval Hudson of Raleigh Monday evening.

The Halloween party to be given by the Tri Kappa sorority, has been changed from Monday night until Tuesday night of next week, the place to be announced later.

Miss Donnan's Class in Literature will meet Saturday afternoon at 2:45 o'clock in the new Lollis Hotel in West Second street. New members are invited to attend this meeting.

The Rushville Delphian Society will meet Friday afternoon at 2:30 o'clock on the second floor of the new Lollis Hotel in West Second street. Mrs. Frank Schriebe will be the leader.

There will be no called meeting of Martha Poe Chapter, No. 193, O. E. S. Friday evening as announced in Monday's issue of the Republican. The meeting has been postponed until the regular stated meeting the first Friday in November.

"Methodist" Sam of Upland, Ind., who is well known in this city, spent Tuesday evening in this city, as the guest of Mr. and Mrs. O. P. Wamsley. Wednesday they went to Metamora, Ind., where they were entertained by Mr. and Mrs. William Gordon.

Miss Louise Doll was hostess to the members of the Immaculate Sodality Wednesday evening at her home in West Third street. She was assisted by Miss Marie Perkins. The evening was spent socially and refreshments were served at the close of the meeting.

The N. B. B. club was entertained by Mrs. Kenneth Walker, 211 West

Fourth street Wednesday afternoon. Mrs. Cliff Smiley of College Corrier, Ind., Miss Marie Sterrett and Mrs. Ben Oster were guests of the club at this meeting. The afternoon was enjoyed informally. The next meeting will be held at the home of Mrs. Clyde Chappel in North Oliver street.

Mrs. Mart Spivey entertained the members of the Band of Workers of the First Presbyterian church Wednesday afternoon at her home in North Jackson street. Thirty-five members were present. The usual business meeting was held, followed by a social hour and the serving of refreshments. The hostess was assisted by Mrs. Rena Warner and Mrs. W. W. Weakley.

Mrs. Berry Rush delightfully entertained the members of the Sunshine Club Wednesday afternoon at her home in Mays. The responses to the roll call were quotations from Edgar A. Guest and Mrs. Edna Glidden prepared an interesting paper

on "Moral Training of the Child." Twelve members and one guest were present for this meeting. As the concluding event of the program delicious refreshments were served.

Members of the Social Club entertained with a dinner dance Wednesday evening at the club rooms in North Morgan street. Covers were laid for fifty-five at the dinner. Mrs. Will B. Norris and Mrs. Fred Arbuckle being captains of the division in charge of the dinner. Following the serving of the delicious repast, dancing was enjoyed, an orchestra from Indianapolis furnishing the music. Other guests were present for the dance.

Mrs. Flora Jackson planned a surprise for her son, Burney Jackson, at her home in North Sexton street, recently, honoring his birthday. The table was decorated with a beautiful bouquet of flowers and a chicken supper was served to the guests that had gathered for the evening. They were Mr. and Mrs. J. W. Hyatt and daughter Cora of Milroy, Austin Hyatt and Minnie Shook of Fairview, Mrs. Roy Beeler of Indianapolis, Mr. and Mrs. Norval Hudson and children of Raleigh, Mr. and Mrs. B. G. Darnell and son Glen of Lewisville, William Gessler and Bernard Joyce of this city. The evening was spent socially with music on the victrola.

The American Literary Club observed guest Day Wednesday afternoon at the home of Mrs. P. H. Chadwick, 906 North Willow street, with about fifty-five present. A twenty minute musical program by Mrs. Elmer Ryan, violinist, with Miss Maxine Brown, accompanist, preceded the lecture by the Rev. Mr. Bardelmeier of Greensburg. He gave his splendid lecture on "Rags" which was brought to a close with illustrations in rags in his own unique manner. As conclusion to the afternoon program several piano selections were given by Miss Virginia Lucas, after which refreshments were served, the club colors being carried out.

The Ripley Country club met Thursday afternoon, Oct. 16, with Miss Ruth White, assisted by Mrs. Healey and Mrs. Rhodes. Following the roll call and the reading of the minutes, the treasurer reported the Riley Hospital committee had received payment of \$25 to the hospital fund and a second payment on the promised \$100. A motion was made and carried that the club join the State Federation. The club also decided to present cash awards to the winners in the Girl's club. Election of officers for the following year was held and those elected were: President, Mrs. Terhune; vice president, Mrs. Ed Ruby; secretary, Mrs.

## Christmas Gift Suggestions from the Art Needlework Section

We wish to announce a Complete New Art Needlework Section ready for the new season. We have all new stamping patterns and a complete line of art goods stamped and a full line of models. We do our own stamping, so if we do not have ready stamped just what you need we will stamp anything you desire.

### SCARFS—

for tables, dressers or various uses, made from linen, Indian Head, Jewel cloth.  
Stamped pieces, 75c to \$1.50.  
Models, finished \$3.75

### PILLOW CASES—

linen finished tubing, very attractive patterns.  
Stamped, pair \$1.50  
Models pair \$3.25

### SILVER CASES—

for knives, forks, spoons, salad forks, etc.  
Stamped pieces 59c  
Models \$1.19

### APRONS—

made from fine unbleached muslin, nice for wear in serving at clubs.  
Stamped Aprons 75c  
Models finished \$2.00

### TOWELS—

made from fine linen quality, in pretty patterns, some applique, make beautiful gifts, white and colors.  
Stamped pieces, 95c and \$1.25  
Models, finished, \$1.59 & \$1.75

### ROLLS—

For Tablecloths \$1.25  
For Doilies 59c  
For Center pieces \$1.25  
All ready stamped.

### BED SETS—

Consisting of 1 sheet and 1 pair pillow cases, good sheeting  
Sheets stamped \$2.35  
Pillow cases, pair \$1.50  
Models, sets finished, set \$7.00

### BUFFET SETS—

3 piece, made from nice quality linen finish Indian Head.  
Stamped sets 65c  
Models finished \$2.50

### Took Friend's Advice

"Three years ago I contracted tuberculosis. This was complicated by constipation and severe headaches and physicians stated that I suffered as well from an ulcerated stomach. They held out no hopes for my recovery, and although I continued medical treatment, my condition constantly became worse. Upon the advice of a friend I decided to give Chiropractic a trial. After one addition has improved so greatly that I consider Chiropractic the only health science, and advise anybody suffering from any disease to try it."—J. W. Weeks, Chiropractic Rejustment my headache was relieved and constipation entirely disappeared within two weeks. I slept better after the first adjustment than I had for three months. My general condition Bureau, Statement No. 2049-O.

## WHY DIS-EASE?

Chiropractic Health Talk No. 88

By H. V. McCully, D. C., Ph. C.

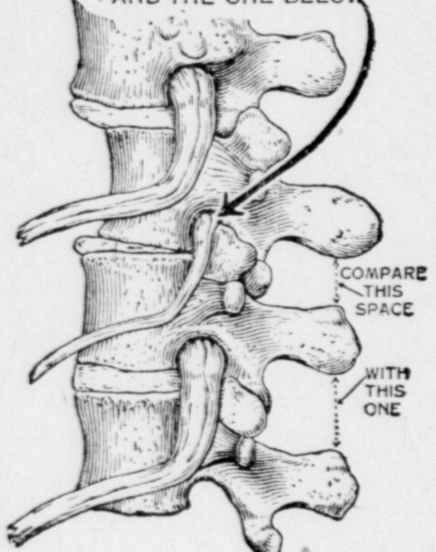

After the discovery of Chiropractic, accidents were found to be the most frequent cause of disease. The human spine is life, is most flexible and its alignment is easily disturbed by sudden jars or strains, or the prolonged pressure of bad position.

By such accident or strain the spine is thrown out of alignment. The spinal nerve openings are narrowed, causing pressure on the spinal nerves and interference with the transmission of life force to whatever organ or part of the body may be affected.

When a person suffering in this way comes under the influence of a Chiropractic health service such as that found in this office, they get results which are not to be had from any other method.

## THREE PARTIES CLAIM VICTORY

Major Political Factions in Indiana  
Gives Statements From Headquarters,  
All Confident

NO LET-UP UNTIL NOV. 4

G. O. P. Plans to Cover State and  
Celebrate After Election—Demo-  
crats See First Place

(By United Press)

Indianapolis, Ind., Oct. 22—Headquarters of the three national political parties in Indiana were confident today of victory at the polls as the final two weeks drive of the campaign began.

Statements of the chairmen of the three major parties on the Indiana outlook follows:

Clyde A. Wallb, Republican State Chairman—I feel certain the state and national tickets will go over by a big majority. But we must not rest on our oars. We must go into the districts, the counties and the precincts and see that every Republican vote in the state turns out two weeks from yesterday. We must work now and do our rejoicing after 6 o'clock on the night of Nov. 4.

A. R. Bentley, LaFollette State Chairman—"Both Republican and Democratic parties claim they are going to carry Indiana for their state and national tickets; One of them is certainly wrong. I am going to make a statement that is absolutely right. The LaFollette strength in Indiana is increasing so rapidly every day that if it continues at its present rate it will put both old parties where they belong on Nov. 4. All the indications are that one of the old parties is not really as confident as it claims to be, and that the other is getting worse rattled every day. For both of them the reason is the tremendous rising of the LaFollette ground swell. Every observer notices the flood of Republican and Democratic oratorical 'big guns' being sent into the Indiana campaign: If both the old parties are so certain of victory, why all the fuss?"

Walter Chambers, Democratic State Chairman—"Davis and McCulloch will carry Indiana by big majorities. The McCulloch vote is growing by leaps and bounds and there is a distinct trend to Davis as that sterling Democratic standard bearer becomes better known in our state. The Coolidge peak was reached in August and has been steadily decreasing since. This is true not only in Indiana but also throughout the nation. Indiana will be safely in the Democratic column on Nov. 4, nationally, congressionally, and for the entire state ticket."

Old newspapers for sale. 5c per bundle at Republican office.

## For Governor

The late Governor William E. Ross of Wyoming may be succeeded in January by his widow, Mrs. Nellie Taylor Ross. The Democratic State Convention insisted upon nominating her, though she had declined the honor. She says she will make no active campaign.

## Movies

### "Sea Hawk" Coming

Having viewed the year's biggest dramas, and spectacles dealing with adventure on land, local playgoers are curiously awaiting the initial showing of what is regarded as the greatest sea drama ever filmed Frank Lloyd's production of "The Sea Hawk," a First National Picture, adapted from Rafael Sabatini's celebrated novel of the same title. It will be shown at the Princess theatre on Monday, Tuesday, Wednesday and Thursday nights of next week.

"The Sea Hawk," for five years one of the best sellers on the popular fiction shelf, and dealing with the colorful adventures of English Knight and sweethearts and Barbary corsairs, has required a gigantic background for its many vivid scenes.

Four gigantic sea going vessels of the Sixteenth Century, exact in every detail and manned by over a thousand sailors, corsairs, galley slaves and officers, participate in much of the action, several naval battles, during which ships ram into each other head on then lash themselves together, while their crews engage in hand to hand combat, are said to be but a few of the unique and highly exciting scenes in the production.

### NEFF'S CORNER

Mr. and Mrs. Roy Casady were dinner guests Sunday of Mr. and Mrs. Birney Pruitt.

Ted King and family were visitors in Rushville Saturday night.

Mr. and Mrs. Verne Lewis and Mrs. Nettie Lefforge visited Miss Carrie Hawkins at her home near Metamore Sunday afternoon.

Mr. and Mrs. Charley Simpson and daughter Wilma, Mrs. Ollie Wilson and Mrs. Fay Harwick were visitors in Shelbyville Monday afternoon.

Mrs. Robert Griner was a supper guest Sunday evening of Mr. and Mrs. Riley Wilson.

Mr. and Mrs. Rose Lee and son Lowell motored to Stringtown Sunday and spent the day with the Rev. Harry Carter and family.

Mr. and Mrs. George Cameron and son Walter Dean and Mr. and Mrs. Riley Lanning and daughter Nellie and son Doyel visited Mr. and Mrs. Laverne Dunn Sunday evening.

Elmer Linville visited his cousin Harold Cloud Sunday.

Mr. and Mrs. Riley Lanning were visitors in Rushville Tuesday afternoon.

Mr. and Mrs. Riley Wilson attended quarterly meeting at the Wesley Chapel Sunday afternoon.

### Newkirk's Corner

THIS IS A STUDEBAKER YEAR

The New Studebaker Big Six Duplex-Phaeton

## Two Cars in One— An open and closed car combined

STUDEBAKER Duplex—a closed and open car combined. An entirely new-type car—developed by Studebaker and available from no other maker.

It is the most sensational—most talked-of car in America.

One minute you are enjoying the comfort and protection of a closed car—next the unhindered freedom that made the open car so popular. And the change can be made in 30 seconds by simply lowering the roller side enclosures.

Yet with all this two-fold convenience, the Duplex-Phaeton sells for no more than an open car.

The new Studebaker Big Six is strikingly beautiful—with long, low sweep-

ing lines. It is especially designed and powered for seven-passenger service.

The Big Six Duplex-Phaeton is delivered to you with complete equipment. This even includes two highest grade bumpers, extra balloon tire, tube and tire cover—there is nothing else to buy.

But to appreciate this car you must inspect it—drive it. Test its delightful ease of operation—steering mechanism especially designed for its full-sized balloon tires.

Notice the new location of the lighting switch on the steering wheel—and many other new and unusual features.

See this car that has definitely solved the open-closed car problem.

### HOMER

Mr. and Mrs. Raymond Miller and son Paul spent Sunday with Mr. and Mrs. Charles Fisher and daughter Helen.

Mrs. Ina Miller and Laura Warfield were visitors at the pitch-in dinner given at the Flatrock church Sunday.

Miss Laconda Miller, Doris Headlee, Jefferson Brown and Raymond Hucker of Indianapolis spent Saturday night and Sunday, the guests of friends here.

Mr. and Mrs. Ova Edwards and son Eugene spent Sunday at the home of his parents, Mr. and Mrs. Robert Edwards.

Dr. D. E. Barnett and William Arbuckle of Homer and Chauncey Duncan of Rushville are spending a few days in Illinois.

Mr. and Mrs. H. G. Hiner and sons and Mrs. Bertha Callaghan and son Paul motored to Muncie Sunday.

Mr. and Mrs. C. C. Miller and daughter Norma, and Mr. and Mrs. Herbert Branam motored to Cincinnati, Ohio, Saturday.

Mrs. Ina Miller spent Friday in Connersville on business.

Many attended services at Flatrock Sunday and remained for the pitch-in dinner.

Mr. and Mrs. Rue Miller entertained Mr. and Mrs. Otis McMuller of Shelbyville Sunday for dinner.

Miss Pauline Johnson and Miss Ruth Miller spent the week-end at Columbus and attended the Sunday school convention.

Several from this vicinity attended Earl Winship's sale Wednesday.

Mrs. Lawson of Homer, who has been critically ill, shows no improvement.

Mr. and Mrs. Joe Ruff of Connersville were the guests of Ercel Gahimer, Saturday evening and spent Sunday with Mr. and Mrs. John Shawk and family.

Mr. and Mrs. Warren Waggoner and Mr. and Mrs. Augusta Coers spent Saturday in Shelbyville and attended the Morris sale.

Miss Alice Shaw of Madame Blaker's school spent Sunday, the guest of her parents, Mr. and Mrs. John Shaw.

Mr. and Mrs. Floyd Branson and sons spent Sunday, the guests of Mr. and Mrs. Branson of near Rays Crossing.

Mr. and Mrs. Elmer Perkins spent Sunday with Mr. and Mrs. Harvey Reed and family.

Miss Mary Whisman spent Saturday evening with Mr. and Mrs. Norman Coleman.

Mr. and Mrs. Ercel Gahimer and family gave a miscellaneous shower for Mr. and Mrs. Norman Coleman, who were just recently married. The house was decorated in Halloween emblems. The bride and bridegroom met folks at the gate, but when they unmasked it was discovered the bride was Miss Sarah Edwards and the bridegroom was Mr. Gahimer. The guests enjoyed the evening playing games and with music in the victrola. The couple received many useful presents. Those present were: Mr. and Mrs. Bob Edwards, Mr. and Mrs. Ova Edwards and son of Indianapolis, Mr. and Mrs. Coleman of Moscow and sons, Mr. and Mrs. Clyde Mull, Mrs. A. J. Springer, Mr. and Mrs. Clarence Greenwell, Mr. and Mrs. Roy Hartwell of Rushville, Mr. and Mrs. Joe Ruff of Connersville, Mr. and Mrs. Ralph Brown and daughter, Mary Marjorie, Mr. and Mrs. Warren Waggoner, Mr. and Mrs. Augusta Coers, Mr. and Mrs. Cyrus Willey, Mr. and Mrs. George Kuntz, Mr. and Mrs. Isaac Mardock, Misses Laconda Miller, Ethel Gosnell, Alice and Golda Shaw, Doris and Norma Headlee, Violet Willey, Irene Phares, Mary and Inez Gahimer, Sarah and Lowene Edwards, Wilma Carr, Harley Gahimer, Bill Theobald, Ralph Hucker, Jefferson Brown, Ralph Edwards. Refreshments of brick ice cream and cake was served to the guests.

Frank King of Cincinnati spent Sunday as the guest of his uncle, William and Julia Arbuckle.

Mr. and Mrs. Roy Orme and son Loren spent Sunday, the guests of Mr. and Mrs. Omer Miller and family.

The Missionary Society and the Methodist Aid Society will meet with Mrs. Rolla Deeringer Wednesday afternoon.

The Young Married Class met at the C. U. church Sunday night for their Bible study, with a very good size crowd. The meetings are arranged so that to study your bible lesson is not drudgery but a pleasure. Every young married couple is urged to come two weeks from Sunday night, and are urged to bring their bibles with them.

The Young Married People's society met with Mr. and Mrs. Charles English and family Tuesday night. Refreshments of pie, salad, pickles, cheese and sandwiches were served. Those present were Mr. and Mrs. Ralph Brown and daughter Mary Marjorie, Mr. and Mrs. Mull Sampson, Mr. and Mrs. Watson Miller, Mr. and Mrs. William English, Mr. and Mrs. Olie Merrill and son Eugene, Mr. and Mrs. Laverne Lower and son Mr. and Mrs. Reed Mull and son Hugh, Mr. and Mrs. Paul Cameron and son Marlan, Mr. and Mrs. Lot Redden and daughters Norma and Aileen, Mr. and Mrs. Denzil Mull and children, Maxine and Paul, Mr. and Mrs. Chester Anderson and daughter Lavon. The next meeting will be held at the home of Mr. and Mrs. Mull Sampson.

Floyd Miller and Wallace Mull spent Sunday at Columbus, Ind., attending the Sunday school convention.

Mr. and Mrs. Lorie Miller and family, Mr. and Mrs. Charles Ellison and daughter and Miss Laconda Miller spent Sunday at the Flatrock church.

Mr. and Mrs. Lee Gardner and daughter Florence and son Wade will move soon from Mr. Hale's farm to Mr. Massmore's farm, formerly the John H. Brown farm on Blue River.

Mr. and Mrs. Chase Saddler, Mrs. Saddler, Miss Gladys Adams and Rosalyn Adams visited William Adams and family Sunday evening.

Mr. and Mrs. Osa Ellison and Nora Leisure visited Elbert Jordan Sunday.

## PRINCESS THEATRE

STARTING MONDAY FOR 4 DAYS

### A MAMMOTH SPECTACLE!

#### Rafael Sabatini,

the Modern Dumas, has given the world his greatest romantic drama in "The Sea Hawk."

#### Milton Sills

is the boldest and most dashing and romantic buccaneer that ever stalked through the pages of adventure.

# SHRINERS PLAN A BUSY WINTER

Murat Temple of Indianapolis Will Attempt to Increase Membership in State-Wide Drive

## BIG CLASS IN DECEMBER

Charles Orbison, Big Chief of the Shriners, Will Lead Caravan to Cities in the State

Indianapolis, Oct. 23.—In the belief that there are hundreds of "unbelievers" skulking amid the dunes of the great "desert" of Indiana, the potentate of Murat Temple Shriners, Charles J. Orbison has not only issued an appeal for Hoosier Shriners to assist in rounding up these sons of the desert for the December ceremonial, but has now planned to "take the stump" throughout Hoosierdom to direct his Arabic field forces in the campaign to round up a minimum of 500 neophytes.

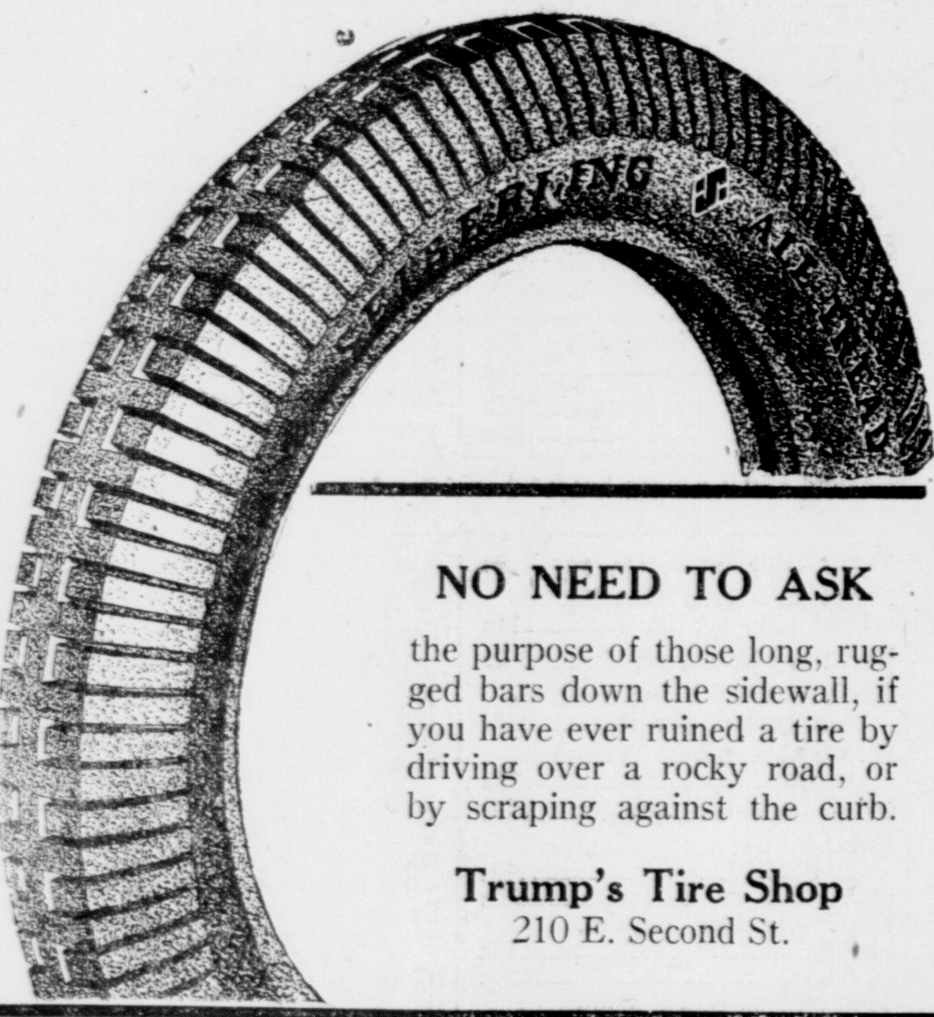

The first meeting of a series in the interests of Murat temple was held at Kokomo when the Shrine club of that city played host. The "pote" as he is known to the initiated, was accompanied by a delegation from the Indianapolis mosque and the male chorus known as the Murat Chanters also attend and "did their stuff." So successful was that meeting that Orbison has announced he has arranged dates for similar meetings at

## MOM'N POP

## Mrs. Gabb Is Rightly Named

By Taylor

Lafayette, Oct. 22, Logansport, Oct. 28, Marion, Nov. 13. Muncie and Richmond and a number of other of the larger cities are making plans for similar meetings, it is understood. The Chanters will sing at all of the "potes" speech-fests, it is stated.

The "pote" is being assisted by a large "go-get-em" committee which has representatives in every village and town in Indiana with few exceptions, it is stated. The out-state committee is headed by J. Harry Holtman, who is traveling anyway, he says, and "just makes it his business to keep the pot boiling."

Only Knights Templars or Thirty-second degree Scottish Rite Masons can become members of the Mystic Shrine, the playground of Masonry, it is pointed out, but Orbison adds: "There are plenty of them who are holding out for fear the hot sands of the desert will overcome them. For the benefit of these fellows we have ordered a special consignment of non-blistering sand and we guarantee they will come through. If they don't we'll take care of their dependents."

Bluffton—Frightened nearly to collapse, Milford and Beedford, small sons of Mr. and Mrs. A. L. Rouse, and Donald Uptegraph, 9, reported they had found a head off a decapitated body in woods where they were hunting nuts. Sheriff Fraugher went to the place and found a head off a wax figure.

## International President to Visit Sullivan Rotarians

Sullivan, Ind., Oct. 23—Plans have been completed by the Sullivan Rotary Club today for one of the most important meetings of the Indiana Rotary here Oct. 27.

Everett W. Hill, President of the Rotary International, Dr. W. L. Bryan, president of Indiana University, Bob Henen, of Richmond, district governor of Indiana Rotary and Will H. Hays, president of the Motion Picture Producers' and Distributors' association will be included on the program.

The International president is a former business associate of "Bill" Leahy member of the local Rotary and it was through the latter's influence that he was persuaded to come.

## AIR DEFENSE IS WITHOUT A HEAD

Army and Navy Lining up For Battle to See Which Department Will Control Aircraft

### FAVOR NEW DEPARTMENT

Air Service Promoters Generally Favor New Division to Take it Over—Board Investigates

By LUDWELL DENNY  
(U. P. Staff Correspondent)

Washington, Oct. 23—Behind the controversy on "Aircraft versus Battleships," which has caused President Coolidge to order a naval investigation, there are deeper smoldering disputes over air defense which involve a three-cornered conflict between the Army and Navy and advocates of a separate air service, a high official told the United Press today.

Indications that the Administration, as a result of the successful round-the-world flight, looks with favor on a reallocation of defense appropriations in which more money will be spent on aircraft, has raised the questions, "Which branch of the service—army or navy—is to be entrusted with the major portion of air defense?"

A joint army-navy investigation board will be appointed after the present navy investigators report, and will be charged with meeting this growing issue, which has so far been evaded.

Meanwhile Secretary of War Weeks has raised his request for the army air-service appropriation to \$23,000,000 an increase of about \$10,000,000 over the present expenditure. None of the air service appropriation goes for salaries, the entire personnel being paid out of the general army budget. Practically the entire increase of \$10,000,000 would be used for new equipment and planes, according to Weeks.

The two issues which are to be threshed out in the near future are:

1. Shall the air coast defense system which is to be built up, to be in the hands of the navy or army?
2. Or, shall the United States fol-

low the example of Great Britain and establish an entirely separate department and service for air defense, ranking as an equal unit with the navy and army and as completely in charge of air preparedness as the other branches of the service are on sea and on land?

Taking up the latter issue first, as the more easily disposed of, officers of both the army and navy say they do not expect this government to consider seriously the British system. Great Britain has not found a separate air service practicable, they say, pointing out the growing British criticism of the three-army system of defense.

Most of the American advocates of a separate unit system are flying officers of the army and navy who say that so long as air defense is a secondary consideration as at present for the two services which are primarily interested in land or sea defense, air preparedness will come out at the little end of the horn.

The Army and Navy departments and staffs, they say, have neither the time, training nor incentive to "see things from the air"; with their feet upon the ground or upon deck they are unable to keep abreast of the flying times, according to aviation officers. Many aviators, while ranking air defense as much more important in the future than either that on sea or land, maintain that even soldiers and sailors should admit that the three services are at least equally important, and therefore deserving of equal treatment.

Opponents of the three-unit plan are apparently a large majority and probably will be able to block any change. Their argument, based chiefly on the British example, is that the future importance of air defense is admitted by everyone, the only argument being as to how it can be effected most efficiently.

"Unity of command won the World War," say the advocates of the present system. The Germans had the edge on the Allies because of a single command, they continue, and that handicap was not overcome until the Allied command centered in Foch. Defense depends upon co-ordination, and any step toward diversification, such as the establishment of a third unit would weaken defense, they contend.

It is difficult enough to co-ordinate the army and navy and keep them working together harmoniously, without adding another department, so the arguments runs.

"Look at France," is the way one officer put it: "she has built up the greatest air force in the world, and without the separate unit system." When asked whether the French and American systems are the same, the officer replied, "Not exactly, and that's the rub."

"While neither this country nor France has a separate air service, there is another part of her system which we should copy—her enlisted pilots. Our pilots are officers, that is, a very limited number. Not until we train enlisted men as pilots, turning them back into civil life every three years can we create the reserve flying force necessary to national defense."

Changes along these suggested lines, to provide a large number of reserve flyers and commercial aircraft factories which could turn out hundreds of fighting planes on short notice, are expected by persons close to the government.

Any change necessitating a separ-

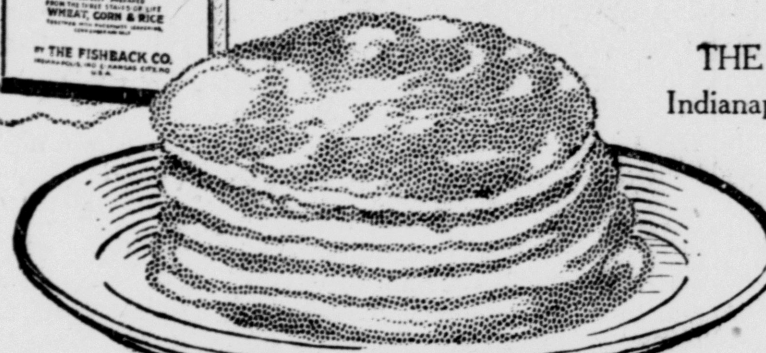

# Demanded

by shrewd buyers

They know that the price of Virginia Sweet is *always* low even though it may vary in the same season. Virginia Sweet is *always* priced according to actual cost of production. This is why the price sometimes changes, but a comparison with other advertised brands always shows that the Virginia Sweet price is *low*. Virginia Sweet users never pay anything extra for the name nor for the assurance of quality which the name implies. They know—many of them from fifty-four years' experience—that better pancake flour can't be bought at any price, and that *equally good* can never be bought for less.

## COULD NOT WALK BECAUSE OF PAIN

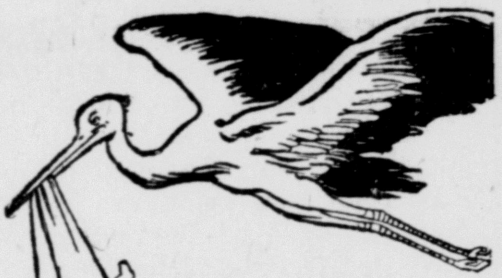

Bad Case of Woman's Illness Remedied by Lydia E. Pinkham's Vegetable Compound

St. Louis, Missouri.—"I had such a bad case of female trouble that I could not walk because of the pains from inflammation. My back was all done up. I could hardly bend, could not go up stairs because of weakness, and no one could possibly be in worse shape than I was. I have taken twelve bottles of Lydia E. Pinkham's Vegetable Compound, and I am a strong woman now and can work down any of my neighbors. They wonder how I can do so much work. I dare say that I have recommended your medicine to a thousand women. A little book was thrown at my door, and that is how I first learned of it."—Mrs. D. M. BEAUCHAMP, 1104 Morrison Avenue, St. Louis, Mo.

Letters like this bring out the merit of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking Lydia E. Pinkham's Vegetable Compound. In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use. For sale by druggists everywhere.

ate air service is not looked for, however. With the Administration and the public bent on checking rather than increasing the total military budget, the fact that a separate air service would add heavily to mere administrative expense by duplicating departments and staffs is expected to kill the proposed plan.

## Gives advice to Expectant Mothers

"I HAD an awful time with my first baby," writes Mrs. Theo. Willey, 481 E. Ohio St., Indianapolis, Ind. "They had to give me chloroform and use instruments. They thought I would die. But before my second baby came I used 'Mother's Friend' and baby was born with only a few pains and before a doctor could arrive. I also used 'Mother's Friend' with my third baby. I was only sick a little while and she also was born before the doctor arrived. I cannot praise 'Mother's Friend' enough. I tell every one I see who is expecting to become a mother about 'Mother's Friend.'"

Write Bradford Regulator Co., B-A 16, Atlanta, Ga., for free booklet (sent in plain envelope) containing valuable information every expectant mother should have. "Mother's Friend" is sold by all good drug stores. Full directions for using it will be found with each bottle. Begin now and you will realize the wisdom of doing so as the weeks roll by!

## COMMITTEE TO MEET JACKSON

Named to Escort Republican Nominee for Governor to Rushville For Address Friday Night

PARADE SCHEDULED FOR 7 P. M.

Demonstration to Precede First Big Republican Meeting on Campaign in The County

Preparations were completed today for the first big republican meeting of the campaign in Rush county Friday night, when Ed Jackson, nominee for governor of Indiana, will make an address in Rushville.

A reception committee to escort Mr. Jackson to this city and to act as hosts during his stay here was announced today.

Proceeding the address by Mr. Jackson, which will be delivered at the Memorial park coliseum at 7:30 o'clock, there will be a demonstration and a parade to leave the court house square at seven o'clock.

Clon Miller, republican county chairman, today urged all republicans with automobiles to be on the public square by seven o'clock, ready to join in the demonstration and parade.

Members of the reception committee were requested to meet at the west side of the court house at four o'clock Friday afternoon to leave for Manilla in automobiles to meet Mr. Jackson and escort him to this city.

The members of the committee are as follows: Mr. and Mrs. Elmer Humes, Mr. and Mrs. Fred Catt, Mr. and Mrs. Clon Miller, Mr. and Mrs. Hal Green, Mr. and Mrs. Otis Miller, Mr. and Mrs. John H. Kiplinger, Mr. and Mrs. Harry McMillin, Mr. and Mrs. Joe Cowing, Mr. and Mrs. Virgil Maffett, Mr. and Mrs. Rich Reed, Mr. and Mrs. W. A. Alexander and Mr. and Mrs. Frank Catt.

The reception committee will bring Mr. Jackson to this city and dine with him at the Seaman House. The candidate will be accompanied to Rushville by the New Salem band, which will play at Shelbyville during the afternoon, when Mr. Jackson speaks there.

Fred Bell, who is in charge of the arrangements for the meeting, will preside and introduce Mr. Jackson.

Arrangements have been made to heat the coliseum with salamanders so that no one need fear of being exposed to cold weather.

The only other republican meeting to be held in Rushville will take place Monday afternoon, November 3, when Senator James E. Watson will speak at this coliseum.

## CAR LEAVES ROAD, DRIVER IS UNINJURED

Charles Jackman of Andersonville Goes Into Ditch and Auto is a Wreck

TRYING TO PASS ANOTHER CAR

Charles Jackman of Andersonville miraculously escaped death or serious injury this afternoon when his automobile left the road near the J. M. Amos farm, four miles southeast of Rushville, while he was enroute to this city, and plowed up the ditch for about two rods and tore out a section of fence.

Mr. Jackman does not know himself how he got out of the wreckage without a scratch. His automobile, a Ford touring car, was almost a complete wreck.

Mr. Jackman was in a hurry, coming to Rushville to buy some lumber, and attempted to pass an automobile driven by John Linville of near Andersonville, at a high rate of speed.

When his machine got off the road, he lost control and it careened up and down from the road to the ditch and back again, but did not turn over.

## SMALL CHILD DIES

Gladys Marie, the three months old daughter of Mr. and Mrs. William Sutton, died this morning about five o'clock at the family home, 613 West Third street. The funeral arrangements were not completed today. Besides the parents, the child is survived by several brothers and sisters.

## GOES TO JAIL FOR TEN DAYS

Lee Becraft Fails to Pay Fine for Evading Board Bill

Lee Becraft was arraigned before Justice Stech this morning on a charge of defrauding a rooming house keeper by not paying a board bill, and he entered a plea of guilty. He was fined \$1 and costs, and upon default of the payment, he went to jail for ten days. The prosecuting witness was Anna Stevens.

A suit brought by Sanford Heaton against Fred Yazel for borrowed money, was set for trial this morning and the plaintiff failed to appear, and judgment was rendered in favor of the defendant, with costs assessed against the plaintiff. In the case of John B. Morris against Jacob L. Steinmetz, the defendant defaulted, and the plaintiff was awarded \$12.25 and costs, judgment on an account.

## PARK COLISEUM WILL BE HEATED

Arrangements Made For Comfort of People Who Will Hear Concerts By U. S. Marine Band Here

STOVES WILL BE INSTALLED

Celebrated Band, Which is on Fourth Annual Tour Since War, Being Received by Large Crowds

Arrangements have been made to heat the Memorial park coliseum when the United States Marine Band appears here in two concerts next Wednesday, October 29, at 3:30 and 8 p. m.

Large salamanders will be installed in the coliseum to insure the comfort of those who attend both concerts. The fires will be started early in the day and the coliseum will be closed up until time for the concert. The heavy frosts and below-freezing temperatures of the last two nights have raised the question of heating the building, which resulted in these arrangements being made.

Some people have hesitated about buying tickets for either of the concerts because of the danger of cold weather, but it will be recalled that in the past campaign meetings have been held in the coliseum up until the first of November and that heat has seldom ever been required.

However, to insure the comfort of people attending the concerts and to remove all danger of exposure, the salamanders will be installed and proper precautions will be taken to prevent fire.

The Marine Band, which is now on its fourth annual tour since the world war, has been received by large crowds everywhere, according to word received here. The greatest interest in the coming engagement here has been manifested.

This is due probably to the vast awakening of musical taste in America since our soldiers went across to France. Music is no longer a duty of scholarship, a refinement of art or an incident of social activity. It is a necessity of life, and people are frank in expressing their taste and asserting their criticisms. The U. S. Marine Band under the leadership of W. H. Santelmann, is the greatest musical organization of the people of the United States of America.

Santelmann regards it as his duty not only to observe his men closely and develop their talents to the highest possible degree, but also to be on the alert for new American compositions, and to give them to the public with the advantages of the highest scholarship in their arrangements for Band or Orchestra. Many a composition which has proved noteworthy has had its first substantial encouragement from the U. S. Marine Band. The soloists on the evening concert will be Arthur S. Witcomb, world famed as a cornetist, and Robert E. Clark, whose mastery of the trombone is such that he can play the chromatic scale for three octaves without a movement of the slide.

The advance program announces that Frank Wilitzhauer, saxophone soloists, and Wilbur D. Kieffer, who plays the xylophone, will be the soloists on the afternoon program.

**POLICEMAN DIES SUDDENLY**  
Logansport, Ind., Oct. 23—Charles Webster, 62, a member of the police force here for 27 years, died suddenly from an attack of heart trouble as he went off duty early today.

## THIS CAN'T BE OVER TOO SOON FOR THE MOST OF US

## REPORT REVEALS GREAT ACTIVITY

Local Corps of Salvation Army Held 130 Open Air Meetings in City During Year

MORE THAN 25,000 STOPPED

Called "Consciousness of the Street Corner"—Relief Work Available Part of Activities

Someone has called the Salvation Army open air meetings the "consciousness of the street corner."

They are held in Rushville every week, 130 of them having taken place here during the past year, and it is to support this sort of work and other undertakings that the Salvation Army will make its annual appeal to Rush county people for financial support next week.

It is conservatively estimated that more than 25,000 people have stopped and listened to the exhortations of Salvation Army officers and soldiers on the street corners in Rushville within the year.

But the open air meetings are only a small part of what the Army has been doing in Rushville, according to a report from the local corps.

There have been 228 indoor meetings held, with an attendance of 9,426. One hundred and sixty-two junior meetings have been held with an attendance of 3,752. Nine hundred and sixteen hours have been spent in visitation by the officers and 3,268 visits have been made.

The following relief work has been done: 1172 garments have been given out to needy people, 161 meals have been provided, 1500 pounds of coal have been provided for families, fifteen have been given lodging and one medical assistance, 29 pairs of shoes provided, two given transportation, 176 families helped, 542 persons benefited, 65 families, composed of 335 persons, given Christmas baskets.

But the Army stresses most its religious work, and the outdoor meetings fit in with this program. The following story is related by Miss Agnes DeBolt of state headquarters, who is arranging for the campaign here, to show how the street corner meetings awaken the consciousness of people:

Have you ever stood and listened to a Salvation Army open air meeting? Perhaps you have not; you have only passed by, but others have stood. Someone has called these meetings "The consciousness of the street corner", and it is of the latent (Continued on Page Three)

## KIWANIANS LISTEN TO DRAMATIC WAR STORY

Frank H. Ray, Trooper of 28 Years Experience, Tells Tale of "Two Pals" He Knew

Frank H. Ray of Mt. Vernon, Illinois, a trooper of 28 years experience who served with the Canadian Army during the World War and was wounded and sent home before the war ended, gave the Kiwanis club thirty minutes insight into the grimness of war and some of its humorous moments at the regular noon luncheon of the club today at the Social club.

Mr. Ray, who is 57 years old, might well pass as a man of 40 though he has grandchildren. He does not show the effects of the strenuous experiences he has had in many lands under many flags.

He calls the dramatic story he tells, "Two Pals". It deals with the lives of two men whom he knew in the army. Kiwanians sat under the spell of his war tale for a half hour.

Miss Agnes DeBolt of Indianapolis, from the state headquarters of the Salvation Army, spoke for a few minutes in the interest of the Salvation Army campaign here next week. Guests at the meeting included Mr. and Mrs. L. R. Willingham of Westpoint, Ky., and their little niece, Estella Mitchell of Sebring, Florida, and Lawrence Niehof of Cincinnati.

## WINTER WEATHER PREVAELS TODAY

Mercury Drops to Twenty Degrees This Morning, Registering Lowest Mark of Fall

Winter weather prevailed in the early morning hours today, when the mercury hit the low mark of 20 degrees above zero, according to Elwood Kirkwood of Maury, in charge of the government station.

The drop to 20 degrees is the coldest this fall, and the 12 degrees below freezing brought a thick layer of ice and registered a killing freeze and frost, but no damage is believed to have resulted because of the advanced stage of the late crops.

The decline during the night was predicted by the weather bureau. Monday night the low mark of 28 was established and Tuesday night it was 25 degrees, and then last night it reached 20 degrees. Another frost is predicted tonight, but it is not expected that the mercury will go as low, and rising temperature is the prediction for Friday.

## Local Women to Learn Millinery at Night School

Those Interested Are Given Opportunity of Enrolling in Class to be Taught by Miss Ruth Grishaw, Rushville High School Instructor. Preliminary Plans and Enrollment To Be Friday Night at Graham High School.

A class in millinery for the ladies of the community will be organized by the home economics department of the Rushville high school. Any person who is interested in this course is welcome to enroll. As many groups as are necessary to accommodate all who come will be arranged for. The present plan is to have at least two classes.

A meeting for enrollment and organization will be held in the assembly room of the Graham High School on Friday evening at 7:30. All who are interested are requested to be present at that time. The general plan of the course will be outlined, and the necessary details of the organization explained.

Women who are not certain whether they will enroll are asked to attend the preliminary meeting and find out just what the course is like. The tentative plan for the course includes fall millinery, flower making and individual problems. However, an effort will be made to adapt the content of the course to suit the wishes of the majority of the groups enrolling. After the fundamentals of the course have been covered, each person will be permitted to choose his own problem.

The courses will be given under the direction of Miss Ruth Grishaw, vocational home economics teacher. Miss Grishaw has had successful experience both in practical and theoretical millinery work. Her practical experience was gained in the millinery shop of L. S. Ayres & Co., of Indianapolis and in the shops at Bloomington. Her theoretical training consists of three years of experience as assistant in the millinery department at Indiana University, and three years experience as instructor in night classes for adults, two at Bloomington and one at Tipton, Indiana. She is well fitted for the work and will make the course both interesting and profitable. The classes will meet in the sewing room of the Graham high school. The night of the week on which the classes will meet and the hour of meeting will be arranged to suit the majority of the ladies enrolled.

A nominal fee to cover the expenses of the course and the cost of material (Continued on Page Three)

## POLICE FEAR TONG OUTBREAK

Indianapolis Takes Steps to Prevent Chinese Trouble

Indianapolis, Oct. 23—Local police today took precautionary measures to prevent an outbreak of a tong war among local Chinese.

Members of the On Leong and the Hip Sing, the two tongs which have been shedding blood in New York and Chicago, are known to be living here.

Further uneasiness caused by the disappearance of Yick Lee, a leader in the Chinese colony who went away on a mysterious mission shortly after the outbreak of hostilities between the tongs in New York.

## CHARGES GROW AS END APPROACHES

Republicans Faced With Allegation of Assistant Attorney General Regarding Tax Law Enforcement

LA FOLLETTE A RED, HE SAYS

Martin K. Littleton Says Wisconsin Senator is "Hand and Foot" With Russian Soviets

(By United Press)

Charges and counter charges from the three political parties grew in volume today as the campaign neared its close. Republican leaders were faced with the letter written by Mrs. Mabel Willebrandt, assistant attorney general in charge of prohibition enforcement in which she accused President Coolidge of keeping unfit men in office and senators of using their influence to prevent enforcement of the prohibition laws. Mrs. Willebrandt, however said she meant no criticism of the administration.

Martin K. Littleton charged the LaFollette forces with being "hand and foot" with the Russian Reds and that John Schwartzkopf, said to be second in command at the LaFollette-Wheeler headquarters, was an associate of Ludwig C. K. Martins, expelled soviet envoy to this country.

John W. Davis speaks in Cleveland today. At Evansville last night the Democratic nominee said "our Republican friends say the great menace of this country is the so-called 'radical' party. If they are really so terrified, the way to cure that condition is not to repeat the things that have brought it about. Three and a half years of Harding-Coolidge administration have produced this radical party."

Senator LaFollette was enroute to Grand Rapids on his return east. At Peoria last night, he said:

"The expenses of the government will only be reduced when the people seriously attack the whole policy of military and naval expenditures."

President Coolidge put the last touches to the speech he will deliver tonight before the United States chamber of commerce. It will be his last campaign speech before election.

## Sen. Walsh Makes Charge

Washington, Oct. 23—Senator Thomas J. Walsh of Montana, prosecutor in the oil investigation, today charged that \$100,000 was being sent into his state to defeat him for reelection.

The Montana separator charge was made in a telegram to Frank P. Walsh, attorney for Senator LaFollette and laid before the senate "slush fund" investigating committee by Senator Undermyer.

## Jackson in Calumet

Gary, Ind., Oct. 23—Prospects are bright for a Republican landslide in the Calumet district, G. O. P. leaders declared today following the mass meeting here last night at which Ed Jackson, candidate for governor, was the principal speaker.

The Republican leaders predicted Jackson will carry Lake county by 7,500 votes.

Colored Republican voters pledged their loyalty to Jackson at the mass meeting.

Jackson devoted practically his entire speech to discussion of the question of taxation.

## Beveridge in Shelbyville

Shelbyville, Ind., Oct. 23—"The United States needs a plain, every day citizen like Calvin Coolidge in the White House", Former Senator (Continued on Page Three)

## BALLOTS READY TO BE SHIPPED

Rush County's Share Will be 16,889, of Which 500 Have Been Received Here

WERE SIGNED FOR TODAY

Mrs. Martin, Deputy Clerk, Called at State House to Inspect Them Before Shipping

Rush county will receive 16,889 state and national ballots as its share for the November 4 election, and Mrs. Loren Martin, deputy county clerk, went to Indianapolis today to sign for and inspect the consignment for this county.

The ballots will be shipped as soon as she signs for the release of them in the state house. The division is made on a basis of 25 percent in excess of the number of registered voters, and an additional supply of 2,000.

The absent voters ballots were received by a special shipment last week, and 500 were sent here in advance of the regular shipment.

One million nine hundred and sixty-five thousand ballots, 300,000 more than asked for in any previous election, have been asked of the board of election commissioners by the clerks of the ninety-two counties according to George H. Healey, clerk of the board.

The duty of the clerk in calling for the ballots is to inspect the packing of each of the boxes. The number asked for each precinct is wrapped in a package. These packages are left for the clerk's inspection, then packed in the box and shipped to his office. Each package is sealed in the Statehouse, where the counting, wrapping and packing is being done, by a force of men and women under the direction of H. L. Troutman, assistant clerk.

A section of the north lobby has been roped off and guards patrol the borders in compliance with the election law. No one is permitted inside the inclosure.

Each of the 3,419 precincts of the state has ordered 25 percent more than the registered number of voters. The law requires that each precinct be provided with this number of ballots. Those with three sample ballots and two copies of the election law, are enclosed in each package, which is then tied and sealed. The ballots are fifteen and one-half by twenty-three inches. They weigh approximately 100 pounds a 1,000 ballots, making a total weight of 98,250 pounds, or nearly fifty tons.

After the size of the ballot was determined, the boxes were ordered made in sizes to accommodate two tiers of ballots from the bottom to the top.

## JURY IS CALLED FOR SERVICE ON FRIDAY

Trial of John F. Joyce Against C. M. George for Judgment will be Held in Circuit Court

THREE NEW SUITS FILED

The jury has been called for service in the circuit court Friday, when the case of John F. Joyce against C. M. George will be tried, the action being on an account in which the plaintiff is attempting to recover judgment for services rendered. The case was tried once in Justice Stech's court and appealed to the higher court.

Among the new cases filed in court, is a complaint by Walter E. Smith against Jennie Jones and Chalon Jones, the action being to foreclose a mortgage.

Russell Wright has brought suit against Jesse A. Stevens, the complaint being on a note and with the demand for \$125 judgment.

Charles E. Wiley and others are plaintiffs in a suit against William E. Wiley, administrator of the state of Olive A. Wiley, in which the action is for partition and sale of real estate involved in the estate.

## FROST DAMAGES CORN

Warsaw, Ind., Oct. 23—The mercury early today stood at 28, the coldest of the season. Much corn was damaged last night by the killing frost.

## At Exactly Open Car Cost

You pay exactly open car cost for the all-year comforts of the Coach. Hudson alone can build it. As the largest builder of 6-cylinder closed cars in the world, Hudson exclusively holds the advantages to produce this car and this price.

It creates the one important buying issue today. For no one who knows closed car comforts will be satisfied with an open car, with one-season utility, and diminishing resale value.

That is why the Coach outsells all rivals. Its leadership is not even challenged. Everyone knows it provides highest closed car value. Hudson invented the Coach and its development and experience make its value exclusive.

And even more important in your permanent enjoyment of the Coach, is the famous Super-Six chassis with performance distinction and long lasting reliability not excelled by any car regardless of cost.

D. D. Says:

I met a man the other day who could not afford life insurance for his wife and child because his automobile insurance costs him forty dollars a year

### RICHMOND FIREMAN KILLED FIGHTING FIRE

Richmond, Ind., Oct. 23—William Kinney, a fireman, was killed and James Marshall another fireman, was seriously injured early today while fighting a fire which destroyed Lindsey Hall, the administration building at Earlham college.

The two men were buried by debris when the west wall of the building caved in. Marshall was taken to the hospital in a serious condition.

The blaze started shortly before midnight on the third floor of the building. A valuable collection of relics and records of the college were destroyed.

President Edwards estimated the loss at \$100,000 to \$125,000.

Lindsey Hall was one of the oldest buildings on the Earlham campus.

President Edwards said this morning he feared incendiarism caused the fire. The college carried \$80,000 insurance on the building.

### REPORT REVEALS GREAT ACTIVITY

Continued from Page One  
in the country, under whose management the Marine Band makes its annual tours, had this to say:

Arthur Witcomb is truly an artist. In putting him forward as a soloist in such distinguished company, for remember there are many great musicians in the Marine Band, Leader Santelmann told me that he was first influenced by the remarkable temperament disclosed by Witcomb at the outset of his membership in the band, and later by the extraordinary proficiency he attained in breadth and beauty of tone as well as accurate and easy execution. I have been associated with notable singers and musicians for many years, yet no individual performance has ever given me greater pleasure than this man's rendition of "Believe Me of All These Endearing Young Charms."

While only a tentative program of the Marine Band has been drafted, it is certain that Witcomb will play one of his noted successes, "Willow Echoes," by Simons, when here.

### CHARGES GROW AS END APPROACHES

Continued from Page One  
Beveridge declared last night in a campaign speech here.

"Coolidge does not pretend to be a superman," Beveridge said. "He conscientiously fulfills his task of upholding the constitution and sticks to the political faith of the fathers."

Beveridge criticized John W. Davis for his attitude on international questions, declaring that Davis is for the league of nations.

### FORMER RESIDENT DIES

John Gray of this city has received word of the death of his cousin, C. C. Gray, who died Wednesday at his home in Anderson. He was born in Union township, this county, in the early part of 1850, and was past 70 years of age. He was more commonly known here as "Bird" Gray. He was here in May when he attended the funeral of his uncle, James Gray. Services and burial will probably be made at Anderson.

### FALLS UNDER FREIGHT

Terre Haute, Ind., Oct. 23—Injuries received when he attempted to steal a ride on a freight train caused the death yesterday of James Mullen, 20, of Indianapolis. The youth fell between two box cars.

### Crippled by Corns? Use "Get-It"

World's Greatest Corn Remover  
It's just wonderful how "Get-It" ends corns and calluses. Put a few drops of "Get-It" on a burning corn and presto! The pain stops at once forever. No matter how long you've had corns, how bad they may be, whether hard or soft, or what you have tried, believe this—"Get-It" will end corn pain at once, soon you can lift the corn right off with the finger. Money back guarantee. Costs but a trifle—sold everywhere. E. Lawrence & Co., Chicago.

## Tariff Witchcraft

The tirades which are lodged  
against the United States tariff  
schedules and the statements made  
regarding the same, either through  
ignorance or with the willful intent  
of deceiving the public, seem never  
to be challenged.The American tariff, which is less  
than one-half the per capita tariff  
of "free trade" Great Britain, can-  
not, without gross exaggeration, be  
called exorbitant. The truth is ex-  
actly the opposite of what is charged  
in statements which say that the  
tariff raises the price of everything  
the farmer buys and gives him no  
protection on what he sells. Anyone  
who will take the trouble to look at  
the tariff schedule will see that prac-  
tically everything the farmer buys,  
including breeding animals, barbed  
wire, binding twine, fertilizers, cul-  
tivators, harvesters, rakes, leather,  
leather gloves and harness, rapiers  
and all manner of supplies, and sells  
such as apples, almonds, butter,  
beans, corn, eggs, grapes, horses, le-  
mons, oranges, prunes, raisins, sug-  
ar, sheep, walnuts and scores of  
farm products and animals are on  
the protected list.The mere fact that any candidate  
for public office, regardless of the  
party with which he is affiliated,  
should make absolutely misleading  
statements on the tariff question is  
grounds for questioning his ability  
as an executive in public office. The  
tariff as it exists today is a matter  
of fact and public record and there  
is no excuse for any man making a  
misstatement regarding same. The  
tariff is purely a business proposi-  
tion and should not be used as a ve-  
hicle for securing votes for the Re-  
publican, Democratic or any other  
party. Just so long as religious ped-  
ants were able to keep the people in  
ignorance regarding the falsity of  
the so-called power of witchcraft,  
just so long were they able to pre-  
vent intellectual and spiritual pro-  
gress. Just so long as politicians can  
keep the people in ignorance regard-  
ing the tariff question, just so long  
will they be able to upset business  
stability by using the tariff question  
as a vehicle for gaining their own  
selfish ends, namely votes.The people are coming to under-  
stand that the tariff is for two pri-  
mary purposes, namely, to protect  
American labor and uphold American  
standards of living, and, secondly,  
to raise revenue for the government  
which, if not collected from foreign  
products shipped in here in competi-  
tion with home manufactured arti-  
cles, would have to be raised by ad-  
ditional taxes on American property  
and incomes.Let the people think of these fun-  
damental facts when considering the  
tariff question.

## Education Week

The American Legion and Nation-  
al Education association is calling  
again upon the people of the country  
to turn their thoughts to education  
for one week—November 17-23.American Education week has be-  
come a fixed event in the lives of the  
American people. If it is accom-  
plishing its mission in impressing  
upon people the importance of edu-  
cation in the life of the nation, it is  
not time wasted.Someone has said that education  
is to fit one to live. If this definition  
be the true conception of the purpose  
of education, certainly nothing has a  
greater bearing on the future of this  
community and every other place in  
America where people live.Those in charge of our educational  
program have a great responsibility.  
If Education Week in any way serves  
to bring those not in touch with the  
public schools and their work,  
around to a sympathetic attitude of  
helpfulness, it will not have been in  
vain.Education Week should be made  
the means of setting forth the school  
viewpoint and bringing about a more  
hearty response from the school pa-  
trons to the school program.The Hodge - Podge  
By a Paraphraser with a SoulThe man who can make a mountain  
out of a molehill and then sell it as  
sand is a genius.Experience is a hard teacher, but  
profit by her lessons pays big di-  
vidends.There is such a thing as being so  
cautious that you will never get any-  
where.When one egotist describes another,  
you get a touch of real art in the  
matter of humbug swindling.The hardest boiled egg is yellow  
on the inside. Remember this simple  
truth the next time some bluffer goes  
into action.Something will have to be done  
about our timber supply or there  
won't be enough for the next genera-  
tion to build billboards.

## HUNT'S DAILY LETTER

BY HARRY H. HUNT  
NEA Service WriterWASHINGTON—When his de-  
law townsmen at Spring-  
field, Alabama, Secret State  
for Ohio, Underwood in office the  
other night, and then turned his  
political body with elaborate ap-  
proaches, they were simply visiting a  
feeling of hostility and anger that  
has become general throughout the  
Democratic party.For if the Democratic party is to  
lose the election this year—and the  
leaders privately admit that now  
seems inevitable—Underwood will  
be regarded as the man who first  
grievous the strike under Democratic  
hopes.It was Underwood, as a candidate  
for the Democratic nomination,  
who first raised the issue of the  
Ku Klux Klan.It was Underwood's spokesman  
who placed his name in nomi-  
nation, who first mentioned the Klan  
in the New York convention, there-  
by staging a near-riot.And it was the issue of the Klan,  
thus dragged in, which not only  
decided the convention for more  
than 100 ballots, arrayed delegates  
into hostile camps and threatened  
the nomination of most-favored  
candidates, but which is now held  
responsible for the defections  
which beset the party's prospect  
for victory.NOT in a decade had Democratic  
expectation of victory been so  
confident as it was this year,  
prior to the New York convention.Every factor necessary for a  
winning campaign seemed to be at  
hand. The administration in power  
had been involved in one of the  
biggest scandals in national his-  
tory. All the ammunition thought  
to be needed to blow the opposition  
sky-high, and more, was stored  
away. It wasn't going to be a cam-  
paign—it was to be a walkway.That was the situation even  
after the Republican convention at  
Cleveland. Coolidge's nominationwas not merely expected, it was  
wished by the Democrats.Underwood and his Al-  
abama delegates threw the Klan  
into the New York arena.Party harmony went by the  
board. Party unity was torn to  
shreds. It was no longer a con-  
vention of Democrats, but to pick  
a Democrat for president. It was  
a convention of Klan and anti-  
Klan elements.What the fever had run its  
course and the assembly finally  
settled down to the election of a can-  
didate, all the enthusiasm and vigor  
that should have been saved for  
the campaign had been dissipated.  
Neither side had won a victory.  
Neither side was satisfied. And  
neither side cared two whoops  
whether the candidate they had  
finally nominated won or not.TO this situation, directly, can  
be attributed the rough and  
rocky road of the Davis man-  
agers in making progress with his  
campaign. From an open road and  
a cloudless sky the situation  
changed almost overnight, an  
almost impassable path overgrown  
with clouds and threats of storm.While resentment against Under-  
wood, as the man who dragged in  
the Klan issue and directly pre-  
cipitated the following fight, is  
perhaps honest, scarcely less keen  
is the feeling against others of the  
"favorite son" group of candidates  
who, in the hope of a lucky break  
in their favor, refused to release  
their delegates and thus contrib-  
uted to the long-drawn deadlock and  
its growing animosity.Just what would have happened  
at any particular time, had any  
one or two of these candidates  
withdrawn his name and started  
the dissolution of the deadlock, is a  
favorite subject for speculation  
among Democratic headquarters.Everything might have been so  
different!But it didn't happen—and from  
rosy confidence the party lead-  
ers have now descended to the  
stage of hope without expectation.Truth is stranger than fiction,  
and among our present books, it  
stranger to fiction.The soil of Siberia is sometimes  
frozen to a depth of 63 feet, so it is  
very difficult to dig fishing worms.The Dead Sea is fishless, compar-  
ing in this way favorably with all  
streams, lakes and seas.The lengths of a mile vary in dif-  
ferent countries, and with different  
people you ask.The visiting card is of Chinese  
origin and so, evidently, is the habit  
of signing letters.While yellow is the favorite color  
of Chinese officials they are busy  
now sealing red.A man in Washington has devel-  
oped a stinging bee, which should  
be shipped in large quantities for  
punishment.Germany plans to lead the world  
in aircraft building. She once mis-  
led in aircraft building.In Victoria, B. C., already 1,350,000  
cans of sultana have been packed  
boards being powerless.They held a parade of girls with  
tong hair in Hull, England, which  
was very nice and quaint and old  
fashioned.  
(Copyright 1924 NEA Service, Inc.)FIFTEEN YEARS  
AGO TODAY

From Daily Republican

Saturday, October 23, 1909

Horrie Brooks, formerly of Rush-  
ville, Ind., has lately moved to Al-  
lance, Neb., where he has leased the  
new half mile track and opened a  
public training stable, says the  
Western Horseman.It looked suspicious. There was the  
trunk which had been in the traction  
station for two days. To whom it  
belonged nobody knew. And there  
was a peculiar odor in the room.  
The longer the trunk remained the  
stronger the odor got. Then some-  
body who had read about Elsie  
Siegel's body being congealed in a  
trunk had a theory. Upon investiga-  
tion it was found that a passenger  
had left some scrap meat in the room  
from which the odor was coming.Rev. R. W. Abberley, pastor of the  
Main Street Christian church, will  
leave Monday for Clarksburg, West  
Virginia, where he will conduct a  
series of protracted meetings.Birney Spradling went to Indiana-  
polis this afternoon to see the Earl-  
ham-Butler football game. He will  
spend Sunday with friends in Plain-  
field.Miss Effie Coleman of Oxford,  
Ohio, who is instructor in English in  
Miami University, will spend Sunday  
here with her mother, Mrs. Emily  
Coleman and family in West Fifth  
street.Inez Reynolds and Edith Hall vis-  
ited Misses Ethel and Rena Watson  
at their home, north of this city yes-  
terday.Mr. and Mrs. B. F. Miller are in  
Cincinnati, Ohio, to attend the wed-  
ding of Miss Ethel Rogers, who is  
well known here, and Lot Turner of  
Terre Haute, which will take place  
tonight.Miss Ethel Young is the guest of  
Mrs. Margaret Morton in Carlisle.It's no joke this time because it  
was real white flaky snow and it fell  
this morning about ten o'clock. The  
residents of Union township report-  
ed a light snow a few days ago and  
some there were who actually doubted  
it. But this morning anyone who was  
out and felt the white, soft substance  
on their face could name it nothing  
other than snow.Work on the new addition to  
Francis Brothers factory is pro-  
gressing rapidly. Morris Winship and  
son have the contract and Mr. Win-  
ship has been superintending the  
work in person for a few days in  
order to hasten the completion of the  
addition which is badly needed by  
the factory.Morristown high school is start-  
ing in bad this year at basketball.  
The team went to the bad in an excit-  
ing game at Manila Friday after-  
noon.

SUNDAY, OCTOBER 26

MIDWEST TEAMS  
CINCHING HONORS

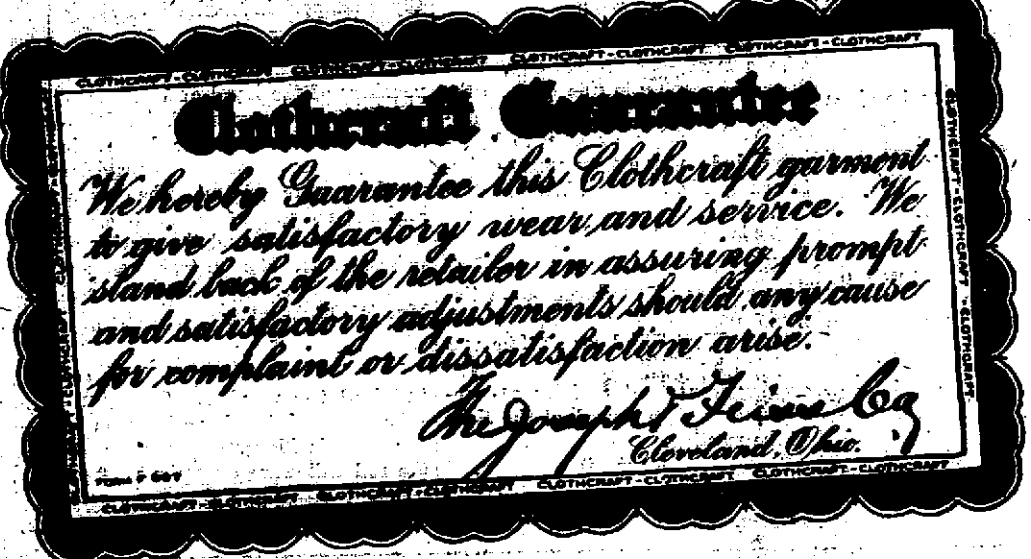

By HENRY L. FARRELL  
Chicago, Oct. 23—With half the season gone and with most of the big inter-sectional games out of the way, the midwest practically has clinched the season's inter-sectional championship.  
Marquette has defeated the Navy, Notre Dame has defeated the Army, Chicago has beaten Brown, Nebraska has beaten Colgate.  
Notre Dame has three more inter-sectional games against Princeton, Georgia Tech and Carnegie and it is quiet possible that three more victories will be chalked up for the midwest.  
The western conference teams have made the best showing of any organized group in the country. In twenty games this season between conference teams and non-members they have won seventeen, lost two and tied one.  
Missouri, one of the big guns of the Missouri Valley conference, beat Chicago 3 to 0. Louisiana came up from the south and beat Indiana and little Coe College held Wisconsin to a tie.  
Notre Dame has two more games with conference members, Wisconsin and Northwestern and the chances aren't very bright for the conference teams. The Wisconsin-Notre Dame game will be one of the biggest games of the year as the conference is lined up to a man behind Wisconsin to uphold the prestige of the "big ten."  
Notre Dame is going into the Princeton game Saturday with a team that Knute Rockne is worried over. The writer saw Notre Dame work out at South Bend and Rockne admitted that he wasn't so sure. Rockne is no Dobie in spreading gloom but he is worried about Center.  
Adam Walsh who was cinching an all-American berth, is out of the game for three weeks with two broken hands and Rockne admits gloomily that he has no one to take his star center's place. He is trying Maxwell and Harmon and from the way Rockne got after them yesterday it was obvious that he figured they weren't there. The backfield was badly battered up by the Army last Saturday and they are not in shape yet to do hard work.  
The Notre Dame squad leaves tonight for Princeton and the University of Chicago squad also will shove off for Columbus where the team will play the big game of the conference week against Ohio State on Saturday.  
Coach Stagg gave the squad a final workout today and said that his men were all in good shape. Stagg apparently believes that he will be able to stop the overhyped game of Ohio State and he hopes to spring the same kind of a surprise attack on Ohio.  
Stagg has been devoting a lot of attention to the kicking end of the game and every one of the squad has been asked to take part in the punting and drop-kicking drills. Games can be won by drop kicks and place kicks as well as by touchdowns as Chicago learned when Missouri beat them with a field goal.  
Although Chicago has lost one game, the feeling exists here that the team will beat Ohio. The Columbus eleven hasn't been much of a scoring organization this season, it is figured and although their goal line hasn't been crossed they were unable to score against Iowa.  
Chicago is chiefly interested in the Illinois game and the coaches have had some difficulty in getting the squad to keep its attention on Saturday's game. The danger of over-confidence has the coaches worried. Rolleston, Curley and Kernwin, who have been on the disabled list, are now in good shape and they will be able to play Saturday.

ARLINGTON MEETS  
BRIGHTWOOD NEXT

Arlington's Athletic Club football team will be in for another hard tussle Sunday when they meet the Brightwood athletic club of Indianapolis at Arlington. Brightwood will bring a squad of 22 men in an effort to put over a win, including several former college players among them being, Craus of Ohio state; Jeffries former Steel High school player of Dayton Ohio; Bowman, state Normal of Muncie, Stites former Nebraska university player and many other local players of reputation. This is expected to be one of the hardest fought games of the season as the Arlington team is going better than ever before and with Means, Beasley, Sparks, Treiss, Rohm, Wicker, Miller, Wilcoxon brothers, Woodruff, Wilson, Winslow, Northam and Letherland it makes a team that compares with the best independent teams in the state. Geo. Wilcoxon will referee and Parker umpire.

"Pittsburgh Perfect"  
Corn Cribbing

Capacity approximately 400 bu. Ear Corn

You can have all the crib room you need, and just when you need it with "Pittsburgh Perfect" Corn Cribbing. The cost is very small and the desired cribs can be set up without delay.

When the cribs are empty the fabric may be rolled up and stored out of the way until needed again, or it may be used as fencing for enclosing lawns, poultry runs, gardens, orchards, etc.

"Pittsburgh Perfect" Corn Cribbing is made of all No. 12 gauge wires, which insure uniform strength and durability. The fabric is electrically welded, making it neat, easily handled, and with a smooth inner surface upon which the corn cannot catch and bear down.

These cribs are specially priced at \$10.00 a crib

FANNING WITH FARRELL

Game Means Win For Senators

Chicago, Oct. 23—Some time back in this column some opinions were expressed as to the reasons why the Washington Senators won the American League pennant. Excerpts were quoted from the famous battle statement that "Bucky" Harris, the twenty-eight-year-old manager, issued when the team was fighting for its life in Cleveland.  
"Bucky" said in that statement that his team could not be beaten in the race for the American League pennant because no other club had as much spirit as any more fight.  
Washington had to play good baseball throughout the season to win its first American League pennant. The Senators had good baseball hands and good legs, but it was a stout fighting heart that carried the team through to a victory over the Yanks and to a world's championship over the New York Giants.  
The Senators beat the Giants in one of the greatest world's series ever played, because the team refused to quit. Intimidation is intended that the Giants quit, but it is a fact that the Giants didn't fight as consistently and as desperately as the American League champions.  
Your after-war the Giants have been one of the greatest fighting clubs in baseball. Giant players can't be quitters or "lunny hearts" and remain on John McGraw's club. The Giants have won pennant after pennant with an inferior team, because they wouldn't give up. For three years running they have outplayed the Pittsburgh Pirates, a much stronger team, until the crisis came. Pittsburgh carried up three times in a pinch, but the Giants always bit the hardest when the need was most vital and they became champions.  
When a team outlasts the New York Giants it is a team that has more fight and more spirit than any team that has been developed in years. The New York Yankees didn't outlast the Giants in the series last year, they outplayed them and out-pitched them.  
Washington, in the world's series this year, had the spirit and fight of a college football team. The Senators refused to be beaten and they weren't beaten. They had the spirit that the Giants lacked. The Giants had the heart but they became wearied in the battle and something dropped into their attitude that suggested a feeling—"What's the use? If we swing, we get hit right back on the chin."  
The Giants experienced a lot of things that took the spirit out of them. Giant teams, as a rule, are rather deaf to the stands. For years they have been targets of hostile fans on the road and they never have been supported at home with the enthusiasm of a Washington, a St. Louis or a Cincinnati. But the Giants, hard-hearted as they may have become, hardly could have expected to be razed and thrown down by New York as they were in the third, fourth and fifth games of the series. The Giants must have been glad to get back to Washington to finish the fight.  
The scandal that resulted in the ousting of Coney Dolan and Jimmy O'Connell cast suspicion on the whole club. Frank Frisch, George Kelly and Ross Young had been implicated by O'Connell and although they were whitewashed by Commissioner Landis, the suspicion still existed. "Were others in on it, it Young, Kelly and Frisch were not?"

You Can Drive It All Day Without Fatigue

What the group of Maxwell-Chrysler engineers responsible for the good Maxwell of today have accomplished is just this—

They have raised four-cylinder motoring to a plane of fineness and comfort heretofore assumed to be impossible in a car of this type.

They have accomplished it not alone through the insistence on fine manufacturing and the use of first grade materials. They have also employed engineering innovations that practically eliminate vibration and otherwise perfect performance and riding quality.

You will especially appreciate these higher qualities when you make a country run of considerable distance.

Where you used to return from such a trip thoroughly weary, now with the good Maxwell you can drive all day without fatigue.

And as for dependable, care-free, economical service, the good Maxwell still leads all cars at anywhere near its price.

We are pleased to extend the convenience of time payments. Ask about Maxwell's attractive plan.

# ED JACKSON

REPUBLICAN NOMINEE FOR GOVERNOR  
WILL SPEAK AT 7:30 P. M. AT THE  
MEMORIAL PARK COLISEUM, RUSHVILLE

Friday, Oct. 24

Demonstration and Parade, with Band, Leaves Court House At 7:00 P. M.

## Society

Mr. and Mrs. James Wright and children, Mrs. Flora Jackson and Mrs. Roy Beeler were the guests of Mr. and Mrs. Norval Hudson of Raleigh Monday evening.

The Hallowe'en party to be given by the Tri Kappa sorority, has been changed from Monday night until Tuesday night of next week, the place to be announced later.

Miss Donnan's Class in Literature will meet Saturday afternoon at 2:45 o'clock in the new Lollis Hotel in West Second street. New members are invited to attend this meeting.

The Rushville Delphian Society will meet Friday afternoon at 2:30 o'clock on the second floor of the new Lollis Hotel in West Second street. Mrs. Frank Schlichte will be the leader.

There will be no called meeting of Martha Poe Chapter, No. 193, O. E. S. Friday evening as announced in Monday's issue of the Republican. The meeting has been postponed until the regular stated meeting 'the first Friday in November.

"Methodist" Sam of Upland, Ind., who is well known in this city, spent Tuesday evening in this city, as the guest of Mr. and Mrs. O. P. Wamsley. Wednesday they went to Metamora, Ind., where they were entertained by Mr. and Mrs. William Gordon.

Miss Louise Doll was hostess to the members of the Immaculata Sodality Wednesday evening at her home in West Third street. She was assisted by Miss Marie Perkins. The evening was spent socially and refreshments were served at the close of the meeting.

The N. B. B. club was entertained by Mrs. Kenneth Walker, 211 West

Fourth street Wednesday afternoon. Mrs. Cliff Smiley of College Corner, Ind., Miss Marie Sterrett and Mrs. Ben Oster were guests of the club at this meeting. The afternoon was enjoyed informally. The next meeting will be held at the home of Mrs. Clyde Chappel in North Oliver street.

Mrs. Mart Spivey entertained the members of the Band of Workers of the First Presbyterian church Wednesday afternoon at her home in North Jackson street. Thirty-five members were present. The usual business meeting was held, followed by a social hour and the serving of refreshments. The hostess was assisted by Mrs. Rena Warner and Mrs. W. W. Weakley.

Mrs. Berry Rush delightfully entertained the members of the Sunshine Club Wednesday afternoon at her home in Mays. The responses to the roll call were quotations from Edgar A. Guest and Mrs. Edna Glidden prepared an interesting paper

on "Moral Training of the Child." Twelve members and one guest were present for this meeting. As the concluding event of the program delicious refreshments were served.

Members of the Social Club entertained with a dinner dance Wednesday evening at the club rooms in North Morgan street. Covers were laid for fifty-five at the dinner. Mrs. Will B. Norris and Mrs. Fred Arbuckle being captains of the division in charge of the dinner. Following the serving of the delicious repast, dancing was enjoyed, an orchestra from Indianapolis furnishing the music. Other guests were present for the dance.

Mrs. Flora Jackson planned a surprise for her son, Burney Jackson, at her home in North Sexton street, recently, honoring his birthday. The table was decorated with a beautiful bouquet of flowers and a chicken supper was served to the guests that had gathered for the evening. They were Mr. and Mrs. J. W. Hyatt and daughter Cora of Milroy, Austin Hyatt and Minnie Shook of Fairview, Mrs. Roy Beeler of Indianapolis, Mr. and Mrs. Norval Hudson and children of Raleigh, Mr. and Mrs. B. G. Darnell and son Glen of Lewisville, William Gessler and Bernard Joyce of this city. The evening was spent socially with music on the victrola.

The American Literary Club observed guest Day Wednesday afternoon at the home of Mrs. P. H. Chadwick, 906 North Willow street, with about fifty-five present. A twenty minute musical program by Mrs. Elmer Ryan, violinist, with Miss Maxine Brown, accompanist, preceded the lecture by the Rev. Mr. Bardelmeier of Greensburg. He gave his splendid lecture on "Rags" which was brought to a close with illustrations in rags in his own unique manner. As conclusion to the afternoon program, several piano selections were given by Miss Virginia Lucas, after which refreshments were served, the club colors being carried out.

The Ripley Country club met Thursday afternoon, Oct. 16, with Miss Ruth White, assisted by Mrs. Henley and Mrs. Rhodes. Following the roll call and the reading of the minutes, the treasurer reported the Riley Hospital committee had received payment of \$25 to the hospital fund and a second payment on the promised \$100. A motion was made and carried that the club join the State Federation. The club also decided to present cash awards to the winners in the Girl's club. Election of officers for the following year was held and those elected were: President, Mrs. Terhune; vice president, Mrs. Ed Ruby; secretary, Mrs.

Gibson; Mrs. Rhodes, treasurer, and Mrs. T. B. Henley was retained as corresponding secretary. At the conclusion of the business session Mrs. Murray gave a most interesting and instructive talk on "The Making of Americans." After adjournment the hostesses served delicious refreshments.

## WHY DIS-EASE?

Chiropractic Health Talk No. 88  
By H. V. McCully, D. C., Ph. C.

After the discovery of Chiropractic, accidents were found to be the most frequent cause of disease. The human spine is life, is most flexible and its alignment is easily disturbed by sudden jars or strains, or the prolonged pressure of bad position.

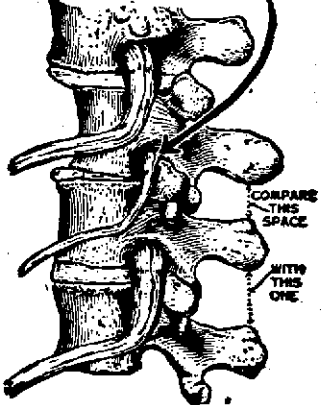

By such accident or strain the spine is thrown out of alignment. The spinal nerve openings are narrowed, causing pressure on the spinal nerves and interference with the transmission of life force to whatever organ or part of the body may be affected.

When a person suffering in this way comes under the influence of a Chiropractic health service such as that found in this office, they get results which are not to be had from any other method.

#### Took Friend's Advice

"Three years ago I contracted tuberculosis. This was complicated by constipation and severe headaches and physicians stated that I suffered as well from an ulcerated stomach. They held out no hopes for my recovery, and although I continued medical treatment, my condition constantly became worse. Upon the advice of a friend I decided to give Chiropractic a trial. After one addition has improved so greatly that I consider Chiropractic the only health science, and advise anybody suffering from any disease to try it."—J. W. Weeks, Chiropractic Rejuvenant my headache was relieved and constipation entirely disappeared within two weeks. I slept better after the first adjustment than I had for three months. My general consultation Bureau, Statement No. 2049-O.

## THREE PARTIES CLAIM VICTORY

Major Political Factions in Indiana  
Gives Statements From Headquarters, All Confident

NO LET-UP UNTIL NOV. 4

G. O. P. Plans to Cover State and  
Celebrate After Election—Demo-  
crats See First Place

(By United Press)

Indianapolis, Ind., Oct. 22—Headquarters of the three national political parties in Indiana were confident today of victory at the polls as the final two weeks drive of the campaign began.

Statements of the chairmen of the three major parties on the Indiana outlook follows:

Clyde A. Wall, Republican State Chairman—I feel certain the state and national tickets will go over by a big majority. But we must not rest on our oars. We must go into the districts, the counties and the precincts and see that every Republican vote in the state turns out two weeks from yesterday. We must work now and do our rejoicing after 6 o'clock on the night of Nov. 4.

A. R. Bentley, LaFollette State Chairman—"Both Republican and Democratic parties claim they are going to carry Indiana for their state and national tickets; One of them is certainly wrong. I am going to make a statement that is absolutely right. The LaFollette strength in Indiana is increasing so rapidly every day that if it continues at its present rate it will put both old parties where they belong on Nov. 4. All the indications are that one of the old parties is not really as confident as it claims to be, and that the other is getting worse rattled every day. For both of them the reason is the tremendous rising of the LaFollette ground swell. Every observer notices the flood of Republican and Democratic oratorical 'big guns' being sent into the Indiana campaign: If both the old parties are so certain of victory, why all the fuss?"

Walter Chambers, Democratic State Chairman—"Davis and McCulloch will carry Indiana by big majorities. The McCulloch vote is growing by leaps and bounds and there is a distinct trend to Davis as that sterling Democratic standard bearer becomes better known in our state. The Coolidge peak was reached in August and has been steadily decreasing since. This is true not only in Indiana but also throughout the nation. Indiana will be safely in the Democratic column on Nov. 4, nationally, congressionally, and for the entire state ticket."

Old newspapers for sale. 5c per bundle at Republican office.

#### For Governor

The late Governor William E. Ross of Wyoming may be succeeded in January by his widow, Mrs. Nellie Taylor Ross. The Democratic State Convention insisted upon nominating her, though she had declined the honor. She says she will make no active campaign.

## Movies

#### "Sea Hawk" Coming

Having viewed the year's biggest dramas and spectacles dealing with adventure on land, local playgoers are curiously awaiting the initial showing of what is regarded as the greatest sea drama ever filmed. Frank Lloyd's production of "The Sea Hawk," a First National Picture, adapted from Rafael Sabatini's celebrated novel of the same title. It will be shown at the Princess theatre on Monday, Tuesday, Wednesday and Thursday nights of next week.

"The Sea Hawk" for five years one of the best sellers on the popular fiction shelf, and dealing with the colorful adventures of English Knight and sweethearts and Barbary corsairs, has required a gigantic background for its many vivid scenes.

Four gigantic sea going vessels of the Sixteenth Century, exact in every detail and manned by over a thousand sailors, corsairs, galley slaves and officers, participate in much of the action, several naval battles, during which ships ram into each other head on then lash themselves together, while their crews engage in hand to hand combat, are said to be but a few of the unique and highly exciting scenes in the production.

#### NEFF'S CORNER

Mr. and Mrs. Roy Casady were dinner guests Sunday of Mr. and Mrs. Birney Pruitt.

Ted King and family were visitors in Rushville Saturday night.

Mr. and Mrs. Verne Lewis and Mrs. Nettie Lefforge visited Miss Carrie Hawkins at her home near Metamora Sunday afternoon.

Mr. and Mrs. Charley Simpson and daughter Wilma, Mrs. Ollie Wilson and Mrs. Fay Harwick were visitors in Shelbyville Monday afternoon.

Mrs. Robert Griner was a supper guest Sunday evening of Mr. and Mrs. Riley Wilson.

Mr. and Mrs. Rosecoe Lefforge and son Lowell motored to Stringtown Sunday and spent the day with the Rev. Harry Carter and family.

Mr. and Mrs. George Cameron and son Walter Dean and Mr. and Mrs. Riley Lanning and daughter Nellie and son Doyel visited Mr. and Mrs. Laverne Dunn Sunday evening.

Elmer Linville visited his cousin Harold Cloud Sunday.

Mr. and Mrs. Riley Lanning were visitors in Rushville Tuesday afternoon.

Mr. and Mrs. Riley Wilson attended quarterly meeting at the Wesley Chapel Sunday afternoon.

#### Newkirk's Corner

THIS IS A STUDEBAKER YEAR

The New Studebaker Big Six Duplex-Phaeton

## Two Cars in One— An open and closed car combined

STUDEBAKER Duplex—a closed and open car combined. An entirely new type car—developed by Studebaker and available from no other maker.

It is the most sensational—most talked-of car in America.

One minute you are enjoying the comfort and protection of a closed car—next the unimpeded freedom that made the open car so popular. And the change can be made in 30 seconds by simply lowering the roller side enclosures.

Yet with all this two-fold convenience, the Duplex-Phaeton sells for no more than an open car.

The new Studebaker Big Six is strikingly beautiful—with long, low sweep-

ing lines. It is especially designed and powered for seven-passenger service.

The Big Six Duplex-Phaeton is delivered to you with complete equipment. This even includes two highest grade bumpers, extra balloon tires, tube and tire cover—there is nothing else to buy.

But to appreciate this car you must inspect it—drive it. Test its delightful ease of operation—steering mechanism especially designed for its full-sized balloon tires.

Notice the new location of the lighting switch on the steering wheel—and many other new and unusual features.

See this car that has definitely solved the open-closed car problem.

## BIG CLASS IN DECEMBER

Charles Orbison, Big Chief of the Shriners, Will Lead Caravan to Cities in the State

Indianapolis, Oct. 23.—In the belief that there are hundreds of "unbelievers" skulking amid the dunes of the great "desert" of Indiana, the potentate of Murat Temple Shriners, Charles J. Orbison has not only issued an appeal for Hoosier Shriners to assist in rounding up these sons of the desert for the December ceremonial, but has now planned to "take the stump" throughout Hoosierdom to direct his Arabic field forces in the campaign to round up a minimum of 500 neophytes.

The first meeting of a series in the interests of Murat temple was held at Kokomo when the Shrine club of that city played host. The "pote" as he is known to the initiated, was accompanied by a delegation from the Indianapolis mosque and the male chorus known as the Murat Chanters also attend and "did their stuff." So successful was that meeting that Orbison has announced he has arranged dates for similar meetings at

# Mrs. Gabb Is Rightly Named

By Taylor

Lafayette, Oct. 22, Logansport, Oct. 28, Marion, Nov. 13. Muncie and Richmond and a number of other of the larger cities are making plans for similar meetings, it is understood. The Chanters will sing at all of the "potes" speech-fests, it is stated.

The "pote" is being assisted by a large "go-get-em" committee which has representatives in every village and town in Indiana with few exceptions, it is stated. The out-state committee is headed by J. Harry Holtman, who is traveling anyway, he says, and "just makes it his business to keep the pot boiling."

Only Knights Templars or Thirty-second degree Scottish Rite Masons can become members of the Mystic Shrine, the playground of Masonry, it is pointed out, but Orbison adds: "There are plenty of them who are holding out for fear the hot sands of the desert will overcome them. For the benefit of these fellows we have ordered a special consignment of non-blistering sand and we guarantee they will come through. If they don't we'll take care of their dependents."

**International President to Visit Sullivan Rotarians**

Sullivan, Ind., Oct. 23.—Plans have been completed by the Sullivan Rotary Club today for one of the most important meetings of the Indiana Rotary here Oct. 27.

Everett W. Hill, President of the Rotary International, Dr. W. L. Bryan, president of Indiana University, Bob Heinen, of Richmond, district governor of Indiana Rotary and Will H. Hays, president of the Motion Picture Producers' and Distributors' association will be included on the program.

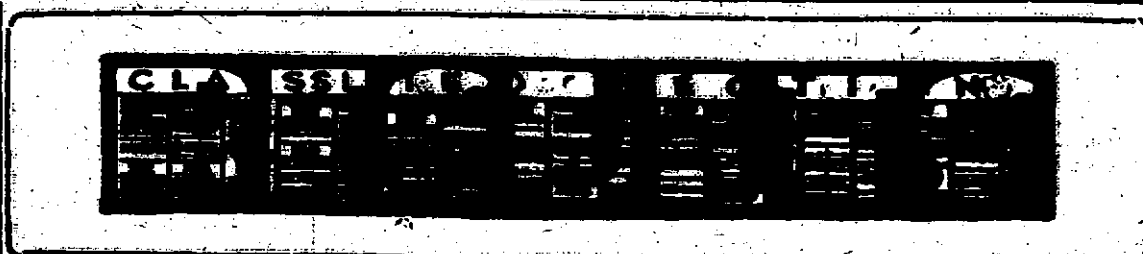

The International president is a former business associate of "Bill" Leahy member of the local Rotary and it was through the latter's influence that he was persuaded to come.

**Notice of Final Settlement of Estate**

Notice is hereby given to the creditors, heirs and legatees of Ethel May deceased, to appear in the Rush Circuit Court, held at Rushville Indiana, on the 17th day of November, 1924, and show cause, if any, why FINAL SETTLEMENT ACCOUNTS with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

WITNESS the Clerk of said Court, this 22nd day of October 1924

**NOTICE**

Notice of Primary Assessment on Sidewalk, Curb and Gutter on West Side of Sexton from North to Eleventh Street.

Notice is hereby given that the primary assessment roll for the construction of cement sidewalk, curb and gutter on the West side of Sexton street from Ninth street north to Eleventh street in said city of Rushville, Indiana, and which said improvement intersects Tenth street on the west side of Sexton street, is now on file in the office of the City Clerk of the city of Rushville, Indiana and open to inspection by all parties who may be affected thereby. Said assessment roll sets forth the names of the owners and the descriptions of the property subject to be assessed for said improvement together with the amounts of assessments.

The Common Council of the City of Rushville Indiana, will on the 31st day of October 1924, at 7:30 p. m. at the Council Chamber of said City receive and hear remonstrances against the amounts set forth in said assessment roll and will determine the question as whether such lots or tracts have been or will be benefited by said improvement in the amounts named on said roll or in greater or less sums than named on said roll or in any sum and any person or persons may attend in person or by representatives and be heard on said matter and on any remonstrance that may be filed.

**NOTICE OF ADMINISTRATION**

Notice is hereby given that the undersigned has been appointed by the judge of the Circuit Court of Rush County, State of Indiana, administratrix of the estate of Samuel T. Overleese, late of said County, deceased.

Said estate is supposed to be solvent.

## AIR DEFENSE IS WITHOUT A HEAD

Army and Navy Lining up For Battle to See Which Department Will Control Aircraft

FAVOR NEW DEPARTMENT

Air Service Promoters Generally Favor New Division to Take it Over—Board Investigates

By LUDWELL DENNY  
(U. P. Staff Correspondent)

Washington, Oct. 23—Behind the controversy on "Aircraft versus Battleships," which has caused President Coolidge to order a naval investigation, there are deeper smoldering disputes over air defense which involve a three-cornered conflict between the Army and Navy and advocates of a separate air service, a high official told the United Press today.

Indications that the Administration, as a result of the successful round-the-world flight, looks with favor on a reallocation of defense appropriations in which more money will be spent on aircraft, has raised the questions, "Which branch of the service—army or navy—is to be entrusted with the major portion of air defense?"

A joint army-navy investigation board will be appointed after the present navy investigators report, and will be charged with meeting this growing issue, which has so far been evaded.

Meanwhile Secretary of War Weeks has raised his request for the army air-service appropriation to \$23,000,000 an increase of about \$10,000,000 over the present expenditure. None of the air service appropriation goes for salaries; the entire personnel being paid out of the general army budget. Practically the entire increase of \$10,000,000 would be used for new equipment and planes, according to Weeks.

The two issues which are to be threshed out in the near future are:

1. Shall the air coast defense system which is to be built up, to be in the hands of the navy or army?

2. Or, shall the United States fol-

low the example of Great Britain and establish an entirely separate department and service for air defense, ranking as an equal unit with the navy and army and as completely in charge of air preparedness as the other branches of the service are on sea and on land?

Taking up the latter issue first, as the more easily disposed of, officers of both the army and navy say they do not expect this government to consider seriously the British system. Great Britain has not found a separate air service practicable, they say, pointing out the growing British criticism of the three-army system of defense.

Most of the American advocates of a separate unit system are flying officers of the army and navy who say that so long as air defense is a secondary consideration as at present for the two services which are primarily interested in land or sea defense, air preparedness will come out at the little end of the horn.

The Army and Navy departments and staffs, they say, have neither the time, training nor incentive to "see things from the air"; with their feet upon the ground or upon deck they are unable to keep abreast of the flying times, according to aviation officers. Many aviators, while ranking air defense as much more important in the future than either that on sea or land, maintain that even soldiers and sailors should admit that the three services are at least equally important, and therefore deserving of equal treatment.

Opponents of the three-unit plan are apparently a large majority and probably will be able to block any change. Their argument, based chiefly on the British example, is that the future importance of air defense is admitted by everyone, the only argument being as to how it can be effected most efficiently.

"Unity of command won the World War," say the advocates of the present system. The Germans had the edge on the Allies because of a single command, they continue, and that handicap was not overcome until the Allied command centered in Foch. Defense depends upon co-ordination, and any step toward diversification, such as the establishment of a third unit would weaken defense, they contend.

It is difficult enough to co-ordinate the army and navy and keep them working together harmoniously, without adding another department, so the arguments run.

"Look at France," is the way one officer put it; "she has built up the greatest air force in the world, and without the separate unit system." When asked whether the French and American systems are the same, the officer replied, "Not exactly, and that's the rub."

"While neither this country nor France has a separate air service, there is another part of her system which we should copy—her enlisted pilots. Our pilots are officers, that is, a very limited number. Not until we train enlisted men as pilots, turning them back into civil life every three years can we create the reserve flying force necessary to national defense."

Changes along these suggested lines, to provide a large number of reserve flyers and commercial aircraft factories which could turn out hundreds of fighting planes on short notice, are expected by persons close to the government.

Any change necessitating a separ-

ate air service is not looked for, however. With the Administration and the public bent on checking rather than increasing the total military budget, the fact that a separate air service would add heavily to mere administrative expense by duplicating departments and staffs is expected to kill the proposed plan.

## Gives advice to Expectant Mothers

"I HAD an awful time with my first baby," writes Mrs. Thos. Willey, 431 E. Ohio St., Indianapolis, Ind. "They had to give me chloroform and use instruments. They thought I would die. But before my second baby came I used 'Mother's Friend' and baby was born with only a few pains and before a doctor could arrive. I also used 'Mother's Friend' with my third baby. I was only sick a little while and she also was born before the doctor arrived. I cannot praise 'Mother's Friend' enough. I tell every one I see who is expecting to become a mother about 'Mother's Friend.'"

### FREE BOOKLET

Write Bradfield Regulator Co., P. O. 16, Atlanta, Ga., for free booklet (sent in plain envelope) containing valuable information every expectant mother should have. "Mother's Friend" is sold by all good drug stores. Full directions for using it will be found with each bottle. Buy now and you will realize the wisdom of doing so as the weeks roll by!

## THE OLD HOME TOWN By Stanley

# Demanded

by shrewd buyers

They know that the price of Virginia Sweet is always low even though it may vary in the same season. Virginia Sweet is always priced according to actual cost of production. This is why the price sometimes changes, but a comparison with other advertised brands always shows that the Virginia Sweet price is low. Virginia Sweet users never pay anything extra for the name nor for the assurance of quality which the name implies. They know—many of them from fifty-four years' experience—that better pancake flour can't be bought at any price, and that equally good can never be bought for less.

For over 19 years we have conducted a complete service store in Rushville, from our observation and experience we are convinced that fully 85% of the people appreciate and take advantage of the service offered. Those who investigate know how very little the service we offer costs the customer. Compare our prices on the same article with those of the no service store and you will find that with the exception of occasional specials our prices are as low and in many instances lower. It has never been our policy to offer specials. Every article in our store is expected to carry a profit sufficient to pay its share of the fixed expense with a small net profit. The customer need not hesitate buying an article from us on Monday for fear that we will be selling it at cost or less on Saturday. Coffees are still advancing. We are forced to advance some of our brands on which we are not protected by contract. The United States has the second largest potato crop in her history, if it was not for excessive freight rates potatoes would be selling for 50c per bu. As it is we offer fancy white stock at 75c per bu. per peck, 20c.

We have just received, direct from the factory a large shipment of The Snider Preserving Co. products. Our prices are very reasonable.

Sniders catsup, large size	27c	Sniders kraut, No. 3 can	12c
small	18c		
Sniders chilisauce, large size	35c	Sniders new progress tomato soup, large 14 oz. can	11c
small	25c		

Ground black pepper has advanced in price over 20%, as usual we were protected and have the very best pepper to offer, at per lb. 25c

Fancy Blue Rose rice, per lb.	9c	Sun Maid raisins, seeded or seedless, per lb.	14c
Fancy new crop Carolina head rice, per lb.	11c	Swansdown cake flour, per package	30c
Best navy beans, per lb.	8c	Daisy flour, per bag	9c
Great Northern beans, no finer bean grown, per lb.	10c	Good flour, per bag	9c
Cream cheese, best Wisconsin, per lb.	28c	National Biscuit Co. crackers, Graham crackers or ginger snaps, per lb.	15c
Peimento cheese, per lb.	35c	by the full box per lb.	14c
Standard nut margarine, per lb. Colored	40c	Searchlight matches, 6 boxes	35c
plain	30c	Fancy cranberries, 2 lbs.	25c
Picnic shoulder, regular, per lb.	18c	Good laundry soap, 10 cakes	25c
hockless	20c	Fresh milk, per quart	10c
Prepared mustard, good quality, full quart jar	20c	per pint	5c
French's mustard, per jar	13c	Hersheys cocoa, per lb.	30c
Wrights 1000 island dressing or mayonnaise, per jar	28c	half lb.	16c
Campbells tomato soup, per can	10c	1-5 lb.	8c
		Palm Olive soap 3 cakes	20c

## The Better Way

The one certain way to know that your car will always be ready to go whenever and wherever you want to go, is to have it thoroughly inspected by us at regular intervals. Then if anything is out of adjustment we can fix it before any real damage occurs.
